India, Pakistan Claim Full-Scale War On

By THE ASSOCIATED PRESS
India reported today its ground and air forces had thrust into the powderkeg province of East Pakistan and launched simultaneous air raids against eight strategic airfields 1,000 miles away in West Pakistan.

India accused Pakistan of declaring war, but the Pakistani president, Gen. Agha Mohammed Yahya Khan, counter-charged that India had begun the war and told his countrymen in a broadcast it was

time "to give a crushing reply to the enemy."

The Indian attacks included air raids on military airfields near the three major West Pakistani cities of Lahore, Karachi and Rawalpindi, the seat of Pakistan's government, Indian authorities said.

A spokesman in New Delhi, the Indian capital, said the Indian air force reported destroying a number of Pakistani planes on the ground in West Pakistan.

He said the Indian raiders

met little opposition during their morning-long strikes, and that all of them had returned safely to their bases.

The spokesman said Indian air force planes also had been attacking military installations inside East Pakistan since early today, and that heavy fighting is going in most sections of the province. He said the thrust was aimed at helping the Bengali secessionists set up a government of their own inside East Pakistan.

He said Indian air force fight-

ers and Pakistani jets engaged in numerous dogfights over East Pakistan and that seven Pakistani Sabre jets were shot down, four near Dacca and three near Jessore. The spokesman said no Indian planes had been downed.

But Radio Pakistan reported that 33 Indian planes were shot down in different sectors of East and West Pakistan.

United News of India reported that the Indian navy had intercepted a Pakistani ship, but did not say where.

Monitors in India said Yahya made no mention in his broadcast address from Karachi of a formal declaration of war against India.

Prime Minister Indira Gandhi earlier told the Indian Parliament that "this morning the government of West Pakistan declared war upon us." She did not say what form the declaration took, but United News of India quoted Pakistan radio reports as saying it was published in an extraordinary government gazette in Islamabad,

the Pakistani capital.

Foreign Secretary T.N. Kaul told a news conference in New Delhi that India had not yet declared war on Pakistan, but added:

"We are going to assert our right to self defense and we shall take every appropriate action to safeguard the integrity and the sovereignty of the country."

Defense Secretary K. B. Lal told the same news conference that Indian forces attacked Pakistani positions in West

Pakistan at midnight in retaliation for strikes on at least 12 Indian airfields Friday. The attacks continued throughout the night, but India said they had been repulsed.

India's capital, New Delhi, and all of East and West Pakistan were blacked out Friday night as a precaution against air attacks. Foreign airlines suspended flights to the two nations and domestic flights were canceled.

The Indian government radio said that Pakistani air force

planes attacked Srinagar, the capital of Kashmir, three times from 4 a.m. to 11 a.m. today, but that there was no damage. India and Pakistan have fought two bloody wars over Kashmir, once in 1948 and again in 1965.

India acknowledged that at least one Pakistani raider got as far as Aggar, site of the Taj Mahal, 325 miles west of the Pakistani border and 120 miles south of New Delhi. However, no damage was reported to the city, which houses both a civilian and military air base.

U.S. Judges Order New Plan Drawn

CLEVELAND, Ohio (AP)—Ohio's legislative reapportionment plan was ruled unconstitutional Friday by a panel of three federal court judges. They ordered the plan redrawn by Dec. 21.

The ruling came after a hearing on a suit filed in U.S. District Court in Youngstown last month by Samuel J. Jordan, a Youngstown tavern owner. He contended the plan contained discrepancies in population and violated the U.S. Supreme Court's "one-man, one-vote" edict.

The federal judges agreed. "It is clear that the apportionment plan is unconstitutional on its face and no conceivable ruling by the Ohio Supreme Court could alter this situation," they ruled.

If the plan was put into effect in its present form it would violate the "one-man, one-vote" edict because of the omission of certain cities and wards from the plan, the judges said.

Judge Anthony J. Celebrezze of the U.S. 6th Circuit Court of Appeals and U.S. District Court Judges Frank J. Battisti and Nicholas J. Walinski retained jurisdiction in the reapportionment issue until a proper plan is approved by the panel.

In Columbus, James Friedman, the governor's executive counsel, said the ruling "was one that any lawyer could expect."

He said reactivation of the apportionment board would give it another chance to correct mistakes made in its first effort to redraw legislative district boundaries.

John F. Ray, special counsel for the Ohio attorney general, told the three-judge panel Friday morning that the reapportionment plan should be redrawn to correct errors.

He said Jordan's suit was correct about omissions and said the plan contained variances in population of up to 2 per cent for House districts and up to 1 1/2 per cent for Senate districts.

Full Employment Budget Pondered By President

WASHINGTON (AP)—President Nixon is spending the weekend pondering a full employment budget even as the Labor Department reports unemployment jumped up to 6 per cent in November after a two months' decline.

White House officials in Key Biscayne, Fla., where Nixon is reviewing his fiscal 1973 budget, said Friday the President's decision is virtually certain to result in deficit spending.

Under the full employment concept, forecasts of how much revenue the government will have to spend are based on the theory that unemployment will not exceed 4 per cent. If unemployment exceeds that rate, a deficit results.

The unemployment rate has

hovered around 6 per cent for the past year. It was 6.1 per cent in August, 6 per cent in September and 5.8 per cent in October.

The November jump in the unemployment rate—the ratio of job seekers to job holders—came even while the total number of working Americans rose to an all-time high of 80 million persons.

The White House called the increase in the unemployment rate unwelcome and Labor Secretary James D. Hodgson said it was unacceptable.

In releasing figures on another economic indicator, the government announced the index of wholesale prices increased 0.1 per cent last month.

But Herbert J. Stein, new chairman of the Council of Eco-

nomics Advisers, noted that the index showed an overall decline for the three months of the wage-price freeze imposed Aug. 15 by President Nixon.

The index declined 0.2 per cent on a seasonally adjusted basis or 0.3 per cent on an actual basis between September and November.

In other economic develop-

ments Friday: —The Internal Revenue Service cautioned landlords not to raise rents unless authorized under continuing stringent regulations, and urged tenants to be vigilant about any rent increases.

The IRS told tenants they may refuse to pay added rent charges unless the landlord shows them records to substantiate the legality of an increase.

—The Construction Industry Stabilization Committee announced approval a week earlier of six new construction union contracts all containing raises in excess of Pay Board guidelines. They ranged from 9.9 per cent over 12 months for Philadelphia bricklayers to 56.2 per cent over 24 months for Delaware plasterers.

—The dollar fell to new lows on European exchanges on the heels of a British decision to stop supporting it. The Bank of England and other government banks in Europe had been buying dollars by the million to keep values from plummeting.

—Chrysler Corp. said it would raise price of its 1972 cars a flat 3 per cent, pushing the cost of the Dodge Dart up to \$2,651, the Plymouth Duster, \$2,383, and the Plymouth Fury Grand Coupe, \$3,785.

Top Justice Department Aides Nearly All Departed

WASHINGTON (AP)—Judicial nominations, new jobs and a scandal have depleted the ranks of Atty. Gen. John Mitchell's original top aides at the Justice Department.

President Nixon's nomination Thursday of Asst. Atty. Gen. Richard W. McLaren to a judgeship on the U.S. District Court in Chicago completes the turnover of heads of the seven line divisions of the Justice Department.

McLaren, head of the department's antitrust division, was confirmed by the Senate later in the day.

Of the top men who took office with Mitchell three years ago, only Deputy Atty. Gen. Richard G. Kleindienst remains. He is Mitchell's No. 2 man and his likely successor should the attorney general resign to run

Nixon's reelection campaign. Three other assistant attorney generals, including one holdover from previous administrations, have been nominated to positions on the federal bench.

They include William H. Rehnquist, head of the office of legal counsel, named to the Supreme Court.

Shiro Kashiwa, head of the division of land and natural resources, was nominated by Nixon earlier this week to a vacancy on the U.S. Court of Claims.

The third is holdover J. Walter Yeagley, who was given a recess appointment to the District of Columbia bench a year ago. Yeagley was head of the internal security division.

Acknowledging business involvement with the central figure in a Texas stock fraud scandal under investigation by his own division, former assistant Atty. Gen. Will R. Wilson resigned in October as head of the criminal division.

Wilson said he was innocent of any wrong doing.

Three other assistant attorneys general have taken new jobs in the federal government. One of them is still in the Justice Department, however.

OEA Names ONU Prof Next Leader

COLUMBUS, Ohio (AP)—Delegates to the Ohio Education Association convention elected a new leader Friday and honored fellow teachers for significant professional contributions.

Donald L. Traxler, an assistant professor of education at Ohio Northern University, was the choice of delegates for president-elect.

He defeated E. Wade Underwood, president of the Akron Education Association, in a runoff election required when no candidate won a majority of votes in the first balloting.

Traxler takes office next July, when the current president-elect, Leonard Arciles of Cincinnati, moves up to president.

OEA executive committee members elected Friday were N. Eugene Brundage, Athens; Edward G. Dickau, Rootstown in Portage County, and Virginia Quinn, Steubenville.

At a banquet Friday night, the OEA presented its "Doer's Awards" for "outstanding service to education" to three Ohio Educators.

Receiving the awards were Virginia Ocasek of the Revere Local School District in Summit County, Pauline Wallace, formerly of the Erie County public schools, and Art Fesemeyer of Ravenna city schools.

Senate Vote On Powell Bid Set Monday

No Time Named For Rehnquist Nomination Ballot

WASHINGTON (AP)—Richard M. Powell, Jr., will be the first of President Nixon's two Supreme Court nominees to be voted on by the Senate.

The vote on Powell was set by the Democratic leadership for 4 p.m. Monday, but no time has been agreed on for voting on the nomination of Asst. Atty. Gen. William H. Rehnquist.

This is the way Democratic liberals opposed to Rehnquist's confirmation wanted it, but Majority Leader Mike Mansfield, D-Mont., said Friday he believed it would serve to expedite action on both nominations.

Republican Leader Hugh Scott of Pennsylvania said that while he would have called up Rehnquist's nomination first, the job of the minority was to cooperate.

If the Republicans had tried to resist Mansfield's move, he said, "it would only have gotten the Senate into an unseemly squabble."

Dust Cloud Hampers Mariner 9

PASADENA, Calif. (AP)—If the thick dust cloud hiding Mars doesn't diminish in the next 10 days, scientists say, Mariner 9 could fail in its primary mission of photographically mapping 70 per cent of the planet.

"The dust storm might be with us for a large part if not all of the nominal three-month mission of Mariner 9," Bradford Smith of New Mexico State University said Friday.

"The over-all clearing since orbital insertion (Nov. 13) has been very small, maybe even so small as to be insignificant."

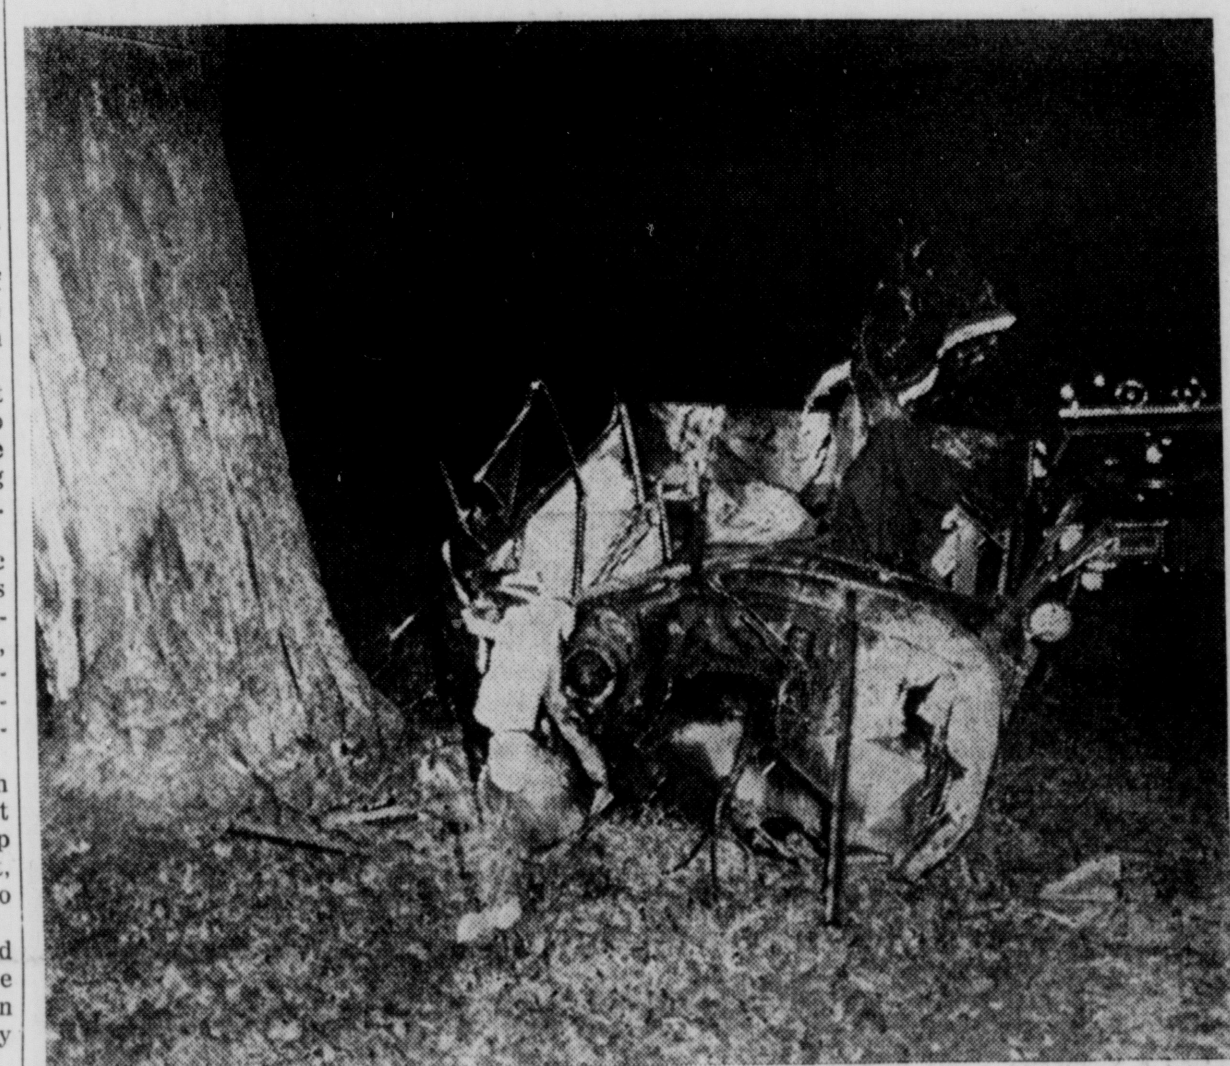

Dan Schneiderman, Mariner 9 project manager, said a week to 10 days remains before major decisions about abandoning the mapping mission must be made.

The dust storm, which began in September, has obscured the planet except for the south polar cap.

However, another scientist said computer enhanced photos of the area near Mars' equator indicate volcanoes may have flared there as recently as one million years ago.

The scientist, Harold Masursky of the U.S. Geological Survey in Flagstaff, Ariz., said the possibility of volcanic activity should be the prime target for study if the Mariner 9 flight plan is changed.

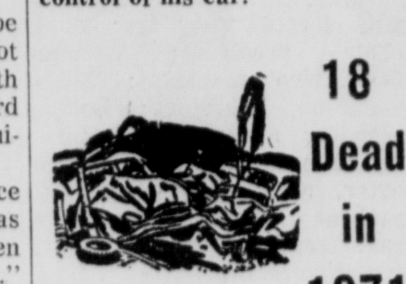

New Holland Man Killed After Car Smashes Tree

DEATH CAR — Roger Lee Knapp, 23, New Holland, died instantly Friday night when

Roger Lee Knapp, 23, 121 School St., New Holland, died instantly 11:05 p.m. Friday when his car hit a tree on the Egypt Pike, 18 miles southwest of Circleville and 7 mile north of Houston Road.

According to an investigation conducted by Pickaway County Sheriff's Deputies Donald Thompson and Leon Sims, Knapp was traveling south on Egypt Pike and was entering a right hand curve when he lost control of his car.

The auto traveled left of center and in the left ditch for 360 feet before hitting a tree 12 feet from the berm of the road.

Initial impact split the car in half at the fire wall, the front part moving 60 feet from the tree, while the rear of the car

slipped around the right side of the tree.

Knapp was pinned in the rear section of the car.

HE sustained a skull fracture,

broken neck, broken right leg and body lacerations.

Born March 10, 1948 in New Holland, he was the son of Howard and Marie Funk Knapp who survive in New Holland.

He was a graduate of Miami Trace High School, 1967, and a four year veteran of U. S. Navy and served in Vietnam, Jamaica and the Cuban area.

Other survivors include his widow, Mrs. Linda Jo Merrill Knapp; one son, Trampus Lee; three brothers, Howard Jr., New Holland; Ivan, Frankfort; Barry, New Holland; two sisters, Cherri and Tina Marie of the home.

Services will be 1:30 p.m. Monday in Kirkpatrick Funeral Home, New Holland, with the Rev. Howard McGinnis officiating. Burial will be in New Holland Cemetery.

Friends may call at the funeral home beginning 2 p.m. Sunday.

Louisiana Gunmen Held After Slaying, Chase

MARKSVILLE, La. (AP)—Two gunmen who led officers in a running gunbattle that left one man dead and three persons wounded were in custody here today, one in jail and the other in a hospital.

Sheriff F. O. Didier of Avoyelles Parish and C. E. Parker, 39, was shot early in the chase, which began late Thursday night. Parker was hit in the groin and grazed on the head. A deputy said Parker was from California, but his hometown was unknown.

Villery Joseph Corner, 27, of Kaplan, was jailed.

Some 125 officers were involved in the chase across the

parish, which ended Friday when a bloodhound found the two men in thick woods where they had covered themselves with palmetto fronds.

Horses and helicopters also were used in the 17-hour chase after the men allegedly stole a number of cars to flee from as many as 25 police cars, at times returning fire with a sub-machine gun.

Authorities gave this account:

It started when two men invaded the home of C.R. Laborde, a farmer from near Bordelonville, robbed him of \$740, a shotgun, a rifle and his car. They left Laborde and three

members of his family tied in the house.

At Mansura, two policemen stopped the gunmen, who subdued the officers and took off in their car with the policemen in it as captives.

One policeman, Bouce Jacobs, jumped out when the car slowed for a curve. The patrol car was later found abandoned on a rural road, with policeman Addis Fruge locked in the trunk.

In Evergreen, Thomas Matthews refused to give the gunmen the keys to his car. Matthews was hit 10 times in the chest with a machine gun burst

and killed. His wife was wounded.

The two took the car of Clement Mire and left him and his wife in their Evergreen home. Mire worked himself free, and called police.

During the chase, the windshield was shot out of two patrol cars, one burned out its engine, and two others smashed into ditches when smoke bombs dropped by the assailants blinded them.

Bunkle Police Chief Leon Franklin said that during the chase he held his 30.06 rifle out the window with one hand and fired at the gunmen while they

shot back with the submachine gun. He said he shot out the back window and wounded Parker.

The gunmen stopped their car near Simmesport and fled on foot into a wooded area.

State Police Lt. David Coleman said he and two other officers used a bloodhound to track the men. "When we got to them, about 10 feet away, the dog ran up on them. There was a brief exchange of gunfire, but everything happened so fast ... no one was hit."

Coleman said the two were armed with a 9-mm. World War II submachine gun made in Germany and four pistols.

Employee Killed In Plant Blast

NEWARK, Ohio (AP)—A fireworks company employee was killed Friday when an explosion demolished a small building on the property of Pyrotechnics Specialties, Inc., near Utica northeast of here.

The Licking County Sheriff's Department identified the victim as John Ryan, 39, of Newark.

The explosion occurred in one of several small aluminum buildings on the property.

Officials of the state fire marshal's office were called to the scene to help determine what caused the blast.

Acknowledging business involvement with the central figure in a Texas stock fraud scandal under investigation by his own division, former assistant Atty. Gen. Will R. Wilson resigned in October as head of the criminal division.

Wilson said he was innocent of any wrong doing.

Three other assistant attorneys general have taken new jobs in the federal government. One of them is still in the Justice Department, however.

Senate Vote On Powell Bid Set Monday

No Time Named For Rehnquist Nomination Ballot

WASHINGTON (AP)—Richmond, Va., attorney Lewis F. Powell, Jr., will be the first of President Nixon's two Supreme Court nominees to be voted on by the Senate.

The vote on Powell was set by the Democratic leadership for 4 p.m. Monday, but no time has been agreed on for voting on the nomination of Asst. Atty. Gen. William H. Rehnquist.

This is the way Democratic liberals opposed to Rehnquist's confirmation wanted it, but Majority Leader Mike Mansfield, D-Mont., said Friday he believed it would serve to expedite action on both nominations.

Republican Leader Hugh Scott of Pennsylvania said that while he would have called up Rehnquist's nomination first, the job of the minority was to cooperate.

If the Republicans had tried to resist Mansfield's move, he said, "it would only have gotten the Senate into an unseemly squabble."

Dust Cloud Hampers Mariner 9

PASADENA, Calif. (AP)—If the thick dust cloud hiding Mars doesn't diminish in the next 10 days, scientists say, Mariner 9 could fail in its primary mission of photographically mapping 70 per cent of the planet.

"The dust storm might be with us for a large part if not all of the nominal three-month mission of Mariner 9," Bradford Smith of New Mexico State University said Friday.

"The over-all clearing since orbital insertion (Nov. 13) has been very small, maybe even so small as to be insignificant."

Dan Schneiderman, Mariner 9 project manager, said a week to 10 days remains before major decisions about abandoning the mapping mission must be made.

The dust storm, which began in September, has obscured the planet except for the south polar cap.

However, another scientist said computer enhanced photos of the area near Mars' equator indicate volcanoes may have flared there as recently as one million years ago.

The scientist, Harold Masursky of the U.S. Geological Survey in Flagstaff, Ariz., said the possibility of volcanic activity should be the prime target for study if the Mariner 9 flight plan is changed.

New Holland Man Killed After Car Smashes Tree

DEATH CAR — Roger Lee Knapp, 23, New Holland, died instantly Friday night when

his car hit a tree. Impact split the car in half, the front part traveling 60 feet from the

rear half. Knapp was pinned in the rear half of the car.

Roger Lee Knapp, 23, 121 School St., New Holland, died instantly 11:05 p.m. Friday when his car hit a tree on the Egypt Pike, 18 miles southwest of Circleville and 7 mile north of Houston Road.

According to an investigation conducted by Pickaway County Sheriff's Deputies Donald Thompson and Leon Sims, Knapp was traveling south on Egypt Pike and was entering a right hand curve when he lost control of his car.

The auto traveled left of center and in the left ditch for 360 feet before hitting a tree 12 feet from the berm of the road.

Initial impact split the car in half at the fire wall, the front part moving 60 feet from the tree, while the rear of the car

slipped around the right side of the tree.

Knapp was pinned in the rear section of the car.

HE sustained a skull fracture,

broken neck, broken right leg and body lacerations.

Born March 10, 1948 in New Holland, he was the son of Howard and Marie Funk Knapp who survive in New Holland.

He was a graduate of Miami Trace High School, 1967, and a four year veteran of U. S. Navy and served in Vietnam, Jamaica and the Cuban area.

Other survivors include his widow, Mrs. Linda Jo Merrill Knapp; one son, Trampus Lee; three brothers, Howard Jr., Barry, New Holland; two sisters, Cherri and Tina Marie of the home.

Services will be 1:30 p.m. Monday in Kirkpatrick Funeral Home, New Holland, with the Rev. Howard McGinnis officiating. Burial will be in New Holland Cemetery.

Friends may call at the funeral home beginning 2 p.m. Sunday.

Employe Killed In Plant Blast

NEWARK, Ohio (AP)—A fireworks company employe was killed Friday when an explosion demolished a small building on the property of Pyrotechnics Specialties, Inc., near Utica northeast of here.

The Licking County Sheriff's Department identified the victim as John Ryan, 39, of Newark.

The explosion occurred in one of several small aluminum buildings on the property.

Officials of the state fire marshal's office were called to the scene to help determine what caused the blast.

MARKSVILLE, La. (AP)—Two gunmen who led officers in a running gunbattle that left one man dead and three persons wounded were in custody here today, one in jail and the other in a hospital.

Sheriff P. O. Didier of Avoyelles Parish and C. E. Parker, 39, was shot early in the chase, which began late Thursday night. Parker was hit in the groin and grazed on the head. A deputy said Parker was from California, but his hometown was unknown.

Villery Joseph Corner, 27, of Kaplan, was jailed. Some 125 officers were involved in the chase across the parish, which ended Friday when a bloodhound found the two men in thick woods where they had covered themselves with palmetto fronds.

Horses and helicopters also were used in the 17-hour chase after the men allegedly stole a number of cars to flee from as many as 25 police cars, at times returning fire with a sub-machine gun.

Authorities gave this account: It started when two men invaded the home of C.R. Laborde, a farmer from near Borderville, robbed him of \$740, a shotgun, a rifle and his car. They left Laborde and three

members of his family tied in the house.

At Mansura, two policemen stopped the gunmen, who subdued the officers and took off in their car with the policemen in it as captives.

One policeman, Bouce Jacobs, jumped out when the car slowed for a curve. The patrol car was later found abandoned on a rural road, with policeman Addis Fruge locked in the trunk.

In Evergreen, Thomas Matthews refused to give the gunmen the keys to his car. Matthews was hit 10 times in the chest with a machine gun burst

and killed. His wife was wounded.

The two took the car of Clement Mire and left him and his wife in their Evergreen home. Mire worked himself free, and called police.

During the chase, the windshields were shot out of two patrol cars, one burned out its engine, and two others smashed into ditches when smoke bombs dropped by the assailants blinded them.

Bunkie Police Chief Leon Franklin said that during the chase he held his 30.06 rifle out the window with one hand and fired at the gunmen while they

shot back with the submachine gun. He said he shot out the back window and wounded Parker.

The gunmen stopped their car near Simmesport and fled on foot into a wooded area.

State Police Lt. David Coleman said he and two other officers used a bloodhound to track the men. "When we got to them, about 10 feet away, the dog ran up on them. There was a brief exchange of gunfire, but everything happened so fast ... no one was hit."

Coleman said the two were armed with a 9-mm World War II submachine gun made in Germany and four pistols.

The most meaningful season of the year to many of us is about to be celebrated. How can I tell? By smelling the air — full of the smell from the cookies and fruit cake baking in Mrs. Smith's oven, by people singing carols and ringing bells, by people who have an extra bright and cheery smile on their faces.

It has been said that Christmas is the one holiday essentially celebrated by the whole family, whether it is just you and your spouse and the children, or all of you together with relatives and friends. During this holiday season, one should be conscious of the fact that we can develop a very special something with our family called "family unity."

What are some of the activities or experiences which a family can participate in together to develop a spirit of family unity at Christmas?

Religious services, community programs, making or buying and addressing greeting cards, shopping for and purchasing gifts. Allow the children who can write to label gifts, address envelopes and sign some cards; while younger children could lick and seal envelopes.

Gather greens and dried material for Christmas decorations. Trim the Christmas tree by making some of the decorations. Your tree may not look like the one in the magazine, but you'll soon find that your heart gets mixed in with bulbs, lights, and icicles. Those of you that share in this fun experience will be likely to remember it for a long time as the best tree anywhere.

Conduct special Christmas

programs at home, especially on Christmas Eve. Children could be responsible for telling special poems or stories, singing special songs and parents could read or tell traditional Christmas stories.

Prepare special Christmas carols which could be sung by the family and then go caroling within your neighborhood.

Making gifts for members of the family can be fun. They may not look like much at first, but hand-made items are always more meaningful than store bought gifts to members of the family.

If mother will allow, the family may want to try mixing baking and decorating Christmas cakes, pies, cookies and candy together.

There may be a special time and way for opening each of the family's Christmas gifts, playing games, hanging stockings, eating special food, going to church, visiting family, friends or relatives.

You may want to devise a way of distributing all those gifts for family, friends or relatives. This is a good way to teach the meaning of sharing with the children.

It really doesn't matter which or how many of these activities we as a family put into use this holiday season; what is important is that we make the family experiences ones of good times and most memorable events.

I wish you a most joyous holiday season and cherished family experiences. And for this holiday season, would you join with me and this young adult who hung this sign on his front door:

"Let there be Peace on Earth
Good will toward Man and
Let it start with ME."

4-H On The Go

By FRED SANDROCK

County Extension Agent, 4-H

Can a youngster living in an inner-city high-rise find true happiness growing crops in a windowbox? The Cooperative Extension Service thinks so — especially if he has the opportunity to carry out some interesting, fun-to-do experiments with seeds, plants and soils.

The 4-H field crops science program, sponsored by Amchem Products, Inc., offers kids such an opportunity wherever they live. Traditionally popular with farm youths who grow profitable acreages of crops, the project is now enrolling an increasingly large number of boys and girls who don't live on farms — in fact 105 thousand 4-H'ers are enrolled in the project. If you're between the ages of 9 and 19, and interested in watching plants grow and learning more about them, you, too, can join the 4-H field crops science program by contacting your local 4-H office.

Today's youth take pride in doing their own thing. And pride mixes with pleasure when they have a place of their very own, a spot where they can play records, meet their friends or hang a groovy poster. Helping young people create a space of their own is the national 4-H home improvement program. Supervised by the Cooperative Extension Service and sponsored by the S & H Foundation,

Inc., the 160 thousand 4-H members in the program plan and carry out numerous project and activities.

They learn the principles of good design, value and use of color and proportion. And the 4-H members — both boys and girls — learn useful skills as they paint, hang wallpaper and build and complete scores of household jobs. If you're between 9 and 19 and interested in home improvement, contact your local 4-H office.

Farm Business Analysis Service Offered By OSU

By GEORGE HAMRICK
County Extension Agent,
Agriculture

There are usually limited resources — land, labor, and capital — at the disposal of the operator for management of a farm. How these resources are applied to various enterprises dictates how much profit a farm will yield.

If you would like some help in applying your resources in their best combination, you might like to try the farm business analysis service being offered by Extension farm management specialists at The Ohio State University. They will use an electronic computer to analyze data you send in from farm account records.

As price relationships change from year to year among crop and livestock enterprises, getting good and timely information by computer analysis is likely to pay sizeable dividends. "The technique will indicate the relative strengths and weaknesses in your business," says Reeds Taylor, Extension Agricultural Business Management Specialist at Ohio State.

After two or more years' analyses have been made on your farm, you will be able to

compare these years to see if you're correcting weak points and moving in the right direction.

TO begin the business analysis, you'll need to get from your county Cooperative Extension Service office a copy of Form 7363, "Ohio Farm Business Analysis." This form will need to be filled out and taken to your county Extension agent, area farm management Extension agent, or vocational

agriculture teacher by February 15.

Your farm will be given a county number and a special farm number at the local office. The identification of your farm, then, will be known only to you, your county agent, area agent, or your vocational agriculture teacher.

Data to fill out Form 7363 may be taken directly from your Ohio Commercial Farm Account Book. You can take the information requested on the

input form from your cash receipt and expense records, from your inventory and depreciation schedule, and from your crop and livestock enterprise records. These items are standard in most accounting systems, and so it's not absolutely necessary that you use the Ohio Commercial Farm Account Book to complete the form. You will need beginning and closing inventories, though, along with your other records.

The cost of working with the new Ohio Farm Analysis System is \$12 if you want the total farm analyzed without enterprise, analysis, or \$15 if

enterprise analysis is desired as well as the total farm analysis. Your check for \$12 or \$15 made out to The Ohio State

University should be attached to your 7363 Form at the time it is submitted for University processing.

And So It Grows

Button up — it's cold outside. And don't forget that newly planted trees and shrubs need winter protection, too. Plants not yet thoroughly established and growing well are subject to winter injury, according to experts in landscaping.

Sunscauld is one common winter hazard of young trees with smooth, thin bark. During brief mild periods, warm sun can stimulate inner bark growth, usually on the southern or southwestern side of the tree. Then, freezing weather kills the succulent inner bark, causing bark to loosen, break off and expose the wood.

You can reduce this type damage by wrapping trees with paper from the lowest branch to the ground. Forty-pound kraft paper does the job, or you may use a tough, crepe-type asphalt-impregnated paper. Start at the lowest branch and spirally wrap the trunk to the ground. Tie with soft cord to hold paper in place. Bring the paper as close to the ground as possible and cover any exposed bark with soil. The wrapping also gives added protection against borers next summer.

For shrubs or other small plants, mulching provides protection. It insulates the soil, prevents alternate freezing and thawing and reduces frost penetration in the root zone. Ground corn cobs, granulated bark and peat moss are durable mulches. You'll need 4 to 5 inches spread over the root zone area and few inches beyond for best protection.

All of us like a tree that holds its needles well when buying a Christmas tree, a species with which we are familiar, and one that is dense and well-shaped.

A study of Ohio Christmas tree buyers revealed these preferences. When asked what things most influenced their selection of a tree, 27 per cent said needle-holding ability was important; 16 per cent indicated they wanted a tree with good density; 12 per cent considered foliage color and length of needle in making a selection; and 11 per cent reported they were interested in shape and balance.

Ohio Christmas tree producers are keen observers of buyer preferences, and they guide their production accordingly. More than 2 million trees will be produced this Christmas. Many of them will be from Ohio plantations and sold by Ohio retailers.

Although many homeowners can't resist pruning shrubs or trees a little during cleanup after the first freeze, its best to wait until late winter or early spring before new growth begins. On narrowleaf evergreens, a good time to prune is at Christmas. Thinning and shaping cuts can be used as decoration materials inside the home.

The greenery can be used in

a number of ways, including table center piece arrangements. Be careful with lighted candles in drying arrangements, though. You wouldn't want to spoil a happy occasion.

Steel Industry Business Slow; Inventories Up

CLEVELAND, Ohio (AP) — Business is slow in the steel industry because steel users are still working on inventories built up as a hedge against a steelworkers' strike last summer that didn't occur. Industry Week magazine said Monday.

"Manufacturers are demanding — and getting — quick delivery of steel on short notice," the magazine said. "This hand-to-mouth buying trend likely will continue through December and perhaps into early 1972."

Industry Week said that with year-end inventory taxes approaching in many states, steel users are letting mills carry their needs for fill-in steel as they continue to use up strike-hedge stockpiles acquired during the first seven months.

It said that while steel users normally order a month or more ahead, advance bookings currently are minimal and major customers, such as the automakers, are demanding shipments within a week.

"Still, steel managers continue to be optimistic about 1972, ... but forecasts vary widely," Industry Week continued. "One major producer estimates the steel industry will be operating at 75 per cent of shipping capacity by the end of the first quarter, compared with about 50 per cent now."

Meanwhile, ordering for current steel consumption continues to increase slowly, it continued.

The magazine estimated last week's output of raw steel at 1,940,000 net tons, compared with 1,868,000 tons the previous week.

"This is the largest weekly amount since the end of July when steel users completed stockpiling," it said.

Industry Week's price composite on steelmaking scrap was unchanged last week at \$31 a gross ton.

"Manufacturers are demanding — and getting — quick delivery of steel on short notice," the magazine said. "This hand-to-mouth buying trend likely will continue through December and perhaps into early 1972."

Industry Week said that with year-end inventory taxes approaching in many states, "steel users are letting mills carry their needs for fill-in steel as they continue to use up strike-hedge stockpiles acquired during the first seven months."

It said that while steel users normally order a month or more ahead, advance bookings currently are minimal and major customers, such as the automakers, are demanding shipments within a week.

"Still, steel managers continue to be optimistic about 1972, but forecasts vary widely," Industry Week continued. "One major producer estimates the steel industry will be operating at 75 per cent of shipping capacity by the end of the first quarter, compared with about 50 per cent now."

Meanwhile, ordering for current steel consumption continues to increase slowly, it continued.

The magazine estimated last week's output of raw steel at 1,940,000 net tons, compared with 1,868,000 tons the previous week.

"This is the largest weekly amount since the end of July when steel users completed stockpiling," it said. Industry Week's price composite on steelmaking scrap was unchanged last week at \$31 a gross ton.

Anniversary wise we have Pete and Pearl Cochenour and Mr. and Mrs. H. Bumgarner on Dec. 1; John and Sue Graffis on Dec. 6; Warren and Edith Straley on Dec. 10; Roy and Marie Ankrom will celebrate their 52nd on Dec. 11 and we extend to them our sincere congratulations and best wishes.

Roll out the welcome mat for "Woody" (Charles) and Patty Reed and their Melanie who have moved to our community from Circleville Rural Route. They have purchased the Route 22 West property of Claude Crabb.

Bob and Alice Cornwell and boys had Leon and Doris Ferguson of Darbyville as Thanksgiving dinner guests. Additional guests were Alice's sisters, Gladys Little and Mrs. Geo. (Marjorie) Myers of Ashville. Their visit was "cut short" by the unfortunate fact that Mrs. Myers had fallen the day before and the drive down proved to be so painful she went to have her ankle checked and to her dismay discovered she had a broken ankle.

Ronnie and Marilyn Bush and the tow-headed Bush boys, Mike and Tim journeyed to Somerset to share a bounteous Thanksgiving with her parents Mr. and Mrs. Edwin Dupler and other relatives.

Enjoying the Thanksgiving bird at the Ronald Beattys was Rick Beatty who is attending Technical School in Columbus. Mrs. Cora Souders also of Columbus and Debbie Souders Welch of Kansas. Debbie went to Columbus the first of the week to be with her mother and sister Linda for a few days before returning to her Wichita, Kansas residence.

Eating much too much of mom's good cookin' on Thanksgiving Day were Eddie and Peggy Litter and their Patty, Tammy, Tracy and Julie of Londonderry, "Butch" and

Mary Ann Russell with Rita, Tina and Pete of near Clarksburg when they gathered at the home of parents, Herschel and Mae. Also being part of the day were Mr. and Mrs. Roger (Vicki Coulthard) Ratcliff and son Mike of Chillicothe. Part of the dinner table talk was about Mae's recent trip to the National Grange Convention at Charleston, W. Va. She was one of 27 from the Clarksburg Grange who attended. They journeyed to the Municipal Auditorium by way of chartered bus. Many received the 7th Degree work.

Elizabeth (Mrs. Marcus) Ebenhack went by bus to Cleveland to be with her son L. V. and his family for several days. Other Thanksgiving guests were sons Dan and his girl friend, Kathy, son Ben and Mrs. L. V.'s parents, Mr. and Mrs. Russell Baker of Cleveland area. L. V.'s birthday is on Nov. 29 so it was a double barreled celebration. The Ebenhack family drove Mother Elizabeth home on Sunday.

The David Drummonds plus Connie, Joy and Sandee were among the dinner guests on Turkey Day at the home of parents Lloyd and Margie Drummond of Clarksburg. Frank and Mary Clark, Dorothy Clark of Circleville and the Paul Drummonds that includes Susan, Karen, Donnie and Jerry ate their proper fill, too.

Betty McAllister was in Chillicothe to spend that first Thanksgiving with newly married daughter Marilyn and her beloved, Fred Hawk.

Carl and Ruth Long with Bonnie, Jan, John and that special favorite Randi were at the Homer Longs for the Feasting Day. Bonnie was home for the holiday vacation from studies at Holzer Hospital.

Bright and early Thursday found Charlie and Esther Picklesimer and Faith Ann on the highway going to Athens to share the carving of the bird with Dave and Janet Lovett and six-year-old Trent.

Paul and Ruth Huff broke bread on the big day with Jerry and Linda Moore and their little doll of the Hornbeck-Garver Rd.

Mr. and Mrs. Floyd Thompson and Mr. Leo Anderson all of Roundtown were the special day dinner guests of Outher and Hattie Anderson.

Reed Anderson, his spouse and their little Laura of Martinsville, Va. came in for several days visiting with his mom, Beatrice Anderson and sister Norma as well as numerous other friends and relatives. On Thanksgiving they all were among the guests of Bea's mother, Mrs. John Fellenstein of Clarksburg.

Mrs. Della Lemming was

welcomed at the home of son Harmon and his Dorothy for That Day. Another member of the Lemming fifth generation has made his debut into this world. A great-great grandson was born to great-grandson Rusty Ransberg and his wife of Panama Canal Zone. He is the son of Nira Parker Ransberg of Marion and she is the daughter of Wilba Lemming Parker of Columbus. This is grandmother Della's second great-great grandson. The young Ransberg's are stationed with the Navy at the Zone. They expect to be transferred stateside quite soon.

Charley and Ethel Galloway with cuties Dena and Brenda spent Thanksgiving with Aunt Judy and Uncle Cecil Galloway and children. Charley has been trying his luck at filling the family larder with venison but it isn't overcrowded as yet (this interprets to mean — no luckee). Solly, Cholly! Egad, such corn and it isn't even in season.

Bob and Pat Metzger hosted a dinner party at their gracious country home on Saturday evening. Participating in the conviviality were Nick and Sue Stonerock of Circleville, Dave and Bonnie Junk, Betty Frazier of Washington, C. H. and Edwin Frazier of our village.

It was Sunday dinner, pleasant conversation and relaxation that brought Mr. and Mrs. Eugene Collins, sons Joe and Stan of Columbus, Mr. Jerry Hines of Ashville, roundball sharpshooter Steve Bailey of Mt. Sterling to the home of host and hostesses, Don and Rose Evelyn McMill, Barbara Jo (Stan's fiancée), Nancy and Beverly.

That inveterate traveler, Grandma B (Agnes Brayshaw), has returned to her home after a four weeks visit with best friends and relatives in New Brighton, Pa. Rick Brayshaw, his mom Pat Brayshaw and Jan Thompson went to New Brighton to accompany Grandma B. to her home.

Last Friday found Jack and Patti Brayshaw and Jack's sister, Pearl Cochenour in West Virginia at the Fenton Glassworks and on up the river to Imperial Glass.

Mr. and Mrs. Raymond Kneec, Mrs. Lorna Pitt and Miss Donna Young were at Fort Knox, Ky. for the graduation exercises of son Bradley from basic training. They also visited with Philip Lingo and Chuck Christopher. They housed at the Ritz Motel at Maldruuff while at the base. They were happy to

Ohio Drunk Driving Law Takes Effect

COLUMBUS, Ohio (AP) — Ohio's drunk driving laws were stiffened starting Friday when a new law went into effect reducing by one-third the permissible alcohol content in the bloodstream of a driver.

Until now, a motorist was presumed guilty of drunk driving if his blood tested out to 1.5 parts of alcohol per 1,000 parts of blood.

That limit has now been reduced to one part per thousand, or a limit of 0.10 per cent compared to the former limit of 0.15.

While the new law enacted by the General Assembly last August lowers the alcohol level for presumption of guilt, it also establishes for the first time that a driver with less than 0.05 per cent alcohol in the bloodstream is presumed innocent of driving while intoxicated.

Those testing out to between 0.05 and 0.10 on blood or breath tests are presumed neither guilty nor innocent.

The new law places Ohio in conformity with federal highway safety standards and with at least 35 other states.

Economic Security

If all the armaments in the world could be destroyed tomorrow, what a gulf of unleashed resources and manpower could be turned loose to care for human needs. But that is no more than a dream in a world which contains aggressors of many nationalities and powerful weapons of mass destruction.

There is nothing wrong with working toward seeing a dream fulfilled, providing it is done soundly and from a position of strength rather than weakness. It was from a position resembling near-desperation that 21 Latin countries appealed to the UN "to take appropriate measures for the creation of a system of collective economic security to encourage

sustained development and the expansion of national economies."

Filed with the Political Committee of the General Assembly, the resolution, it was explained by a Brazilian spokesman, was in reaction to various economic moves by the United States, the Soviet Union, Japan and the European Common Market.

It is true, as the spokesman said, that it is impossible to achieve "peace and security, in the strict sense, unless economic relations among states are conducted in such a way that conflicts and shocks are averted."

In a way, for instance, that large expropriations of another country's property and investments do not occur, without at least due compensation.

No Litterers Wanted

Worldwide efforts to ban littering are resulting in stiffer fines and in some cases possible jail sentences. In many states the former token fine applied to litterers who are caught has been replaced by penalties that cannot be ignored.

Throughout the world the story is the same. The warnings are worth heeding by tourists who want to return home on schedule instead of spending time in custody. The English frown particularly on dumping or abandoning things, with a \$250 fine for the first conviction and double that and a jail sentence for the second. And in Japan a possible jail sentence is also involved as well as a fine.

Just about everywhere, it's the tourists who cause most of the littering. When they get away from home they seem to conclude that someone ought to clean up after them. The where-withal they leave behind in many places justifies this conclusion, but it hasn't been approved by the natives anywhere.

And, of course, before anti-litter laws became more stringent, there were many cases in the United States where city dwellers took their garbage out in the country and dumped it on a farmer's doorstep. This resulted in anti-littering laws in many areas not visited by tourists.

Inconsistent

One of the problems with the federal government's accounting methods is that there is no pretense of consistency. Unlike the private accounting profession, which for years has been making headway in an effort to achieve uniformity in corporate financial statement reporting methods. Government accountants are more interested in achieving short-term political or economic effects.

An example is the 7 per cent tax credit on capital investment the administration proposed and Congress is considering as a stimulant to the economy. The accounting profession, through its Accounting Principles

Board, recommends spreading this tax credit over the life of the equipment purchased. In this way year-to-year comparisons of financial statements would not be distorted.

But the administration wants the credit applied fully to current earnings, for purposes of economic stimulation. The Senate version of the tax bill includes a mandate that the methods proposed by the accountants not be used.

The tax bill may not receive a professional stamp of approval, but when government makes the rules inconsistency becomes the standard.

According To Boyle

By HAL BOYLE

NEW YORK (AP) — Christmas is the time of year when a man's best friend is his double talk.

The season has become so syrupy that no man of spirit can wade through it and keep his mental balance without deliberately and consciously resorting to double talk—which is saying one thing while you really mean the opposite.

For those unlearned in this ancient conversational art, here are a few typical examples for yuletide. What the person said aloud is in quotes, followed in each case by what he actually thought:

"Don't you think I've been a really good little boy this year, Mama?" — If she rats on me to Santa Claus, I'll put itching powder in her talcum powder.

"What would Christmas be without you, dear Aunt Martha? — Just fewer unwearable neckties to throw down the incinerator as soon as you leave town.

"Did old Santa stay long at your house?" — If I don't ask her, she'll tell me about every present she got anyway. What I don't understand is why she doesn't simply mimeograph the list and mail it to everyone she knows.

Ulster Terror

By JEFFERY HART

The Compton Report on methods of interrogations used by the security forces in Northern Ireland ought to possess a special interest for Americans. In this country, we have not yet had to deal with a large, organized "urban guerrilla" movement, yet it would be rash to predict that we will not have to do so. The potential recruits, the leadership cadres and the theoretical literature all exist. The present urban guerrilla warfare in Ulster is therefore highly pertinent. For the first time this novel form of warfare is being tried out not in Uruguay or Calcutta but in — by global standards at least — an advanced Western context.

The urban guerrillas in question are the IRA Provisional Forces. They are Maoist in temper, and in the opening phase they played it by the book. The key to urban guerrilla warfare is terror. You tar and feather for minor offenses. You handcuff and shoot through the mouth individuals suspected of major offenses. You assassinate policemen and soldiers. You carry out arson and bombing attacks. The goal is not only or even primarily to disrupt, but to establish a rival sovereignty, an alternative governing apparatus, within the disputed area.

The British also played it by the book. One day last August, 342 suspected terrorists were taken into custody and interrogated. According to the Compton Report, the techniques employed did not violate the 1965 army regulations for interrogation during civil disturbance. Some of the prisoners were obliged to stand with their hands against a wall, though not in "a position of stress." They wore hoods, which increased their sense of isolation, as did continuous background noise.

The periods of standing against the wall varied from four to six hours, and the maximum total was 43 hours. The Compton Report characterized this as "physical ill treatment" but not "brutality" or "torture." It was not in violation of the Geneva Convention governing interrogation of prisoners of war.

The military results were excellent. A large number of Provisional IRA leaders were arrested and huge arms caches seized.

Had this result not been achieved, nothing is more certain than that violence would have increased, more people have been killed — both civilians and military, and, indeed, adult and child.

Now we enter Phase Three. The interrogation techniques have become a matter of public controversy. Critics argue that the 342 suspected terrorists were not, strictly speaking, prisoners of war. They were citizens of the United Kingdom. Therefore the methods used were unacceptable.

In reply, the army and its defenders argue that a) the emergency regulations in effect in Northern Ireland render the methods, strictly speaking, legal, and that b) such "physical ill treatment," given the novel conditions of urban guerrilla warfare, is necessary for extracting vital information.

The urban guerrilla thus poses a cruel dilemma for a civilized country, and indeed his aim is to sharpen that dilemma and exploit it.

One principle, I think, emerges. Urban guerrillas probably cannot be combated for an extended period by means unacceptable to the political base or the counter-insurgent government. A well-conceived program of public education is therefore just as much part of the counter-guerrilla strategy as the in-

terrogation at the police station. public must understand and For the campaign to succeed broadly approve of the methods employed.

NEW YORK (AP) — On Sept. 9 the federal government approved up to \$250 million in loan guarantees to Lockheed Aircraft Corp. Some \$155 million of the loans so guaranteed are scheduled for repayment by the end of 1975.

Lockheed needed the guarantees because it had exhausted its own borrowing capacity at the banks and was threatened with bankruptcy should it fail to obtain more funds.

The future would be better, it said. It assured Americans that it was not seeking a government loan but only a guarantee. Proponents of the guarantee said it was still a viable enterprise and should be preserved.

Others didn't see it that way. If free enterprise itself was to remain in working order, they said, a weak corporation should not be preserved by subsidies of any kind. That practice would lead only to still higher costs.

Lockheed and its powerful supporters in Washington prevailed, but the issue was never really settled. And now a speech by Daniel Haughton, Lockheed chairman, suggests that the entire industry—manufacturers and airlines—may be unable to live under free enterprise.

Speaking of airline profitability, Haughton told a meeting of the Air Transport Association at Beverly Hills, Calif., this week:

"One wonders whether we have passed the point of diminishing return. Whether we have reached, in fact, the point of no more return."

Increased costs for labor and ground facilities have com-

pounded the problem and, he suggested, offset the opportunity for further gains that might result from advanced technology.

Nevertheless, it appears that Haughton's hope for airline profitability still depends on technological developments, an admittedly slim hope.

"Is it possible still to make the economies that will keep bringing down direct costs at a fast enough clip to offset the increase in other elements of airline operating costs?" he asked.

"Possibly not," he answered, "unless we have a dramatic breakthrough that we do not know about today—a breakthrough in structures, materials, propulsion, aerodynamic design."

The chances, he seemed to say, depend not only on slim hopes but on possibilities that have not even appeared on the horizon.

"Even with such a significant breakthrough, there remains a major—perhaps an even larger—question," he said.

"In view of the risks, and the magnitude of investment required, who is going to launch the next commercial aircraft program?"

He continued: "It is not my purpose tonight to give answers, but we may have reached one of those times in history when the ways of the past no longer will suffice for the future."

He listed the possibilities: a consortium of manufacturers supported by government financing, an airline cooperative, association with foreign groups, "or the answer may lie in strictly U.S. approach, through new methods of participation."

Emergency rooms everywhere are faced with the need for recognizing drug addiction. Patients are brought there with a variety of illnesses whose symptoms are masked by the use of heroin, cocaine, LSD, mescaline, amphetamines, and alcohol.

Emergency treatments are often ineffective because doctors are not aware, in an emergency room, of the nature of the drug that a patient may be taking.

Similarly, there are a great many patients, especially in psychiatric hospitals, who are able to purchase and use addictive drugs while under treatment despite the most careful surveillance.

Dr. Arnold G. Blumberg and his colleagues at the Hillside Hospital in Long Island have been using highly complex and delicate techniques for the study of the urine to detect self-administered drugs.

This is indeed a valuable contribution because the daily examination of the urine quickly brings to the attention of the doctor the surreptitious drug user.

Only in this way can the psychiatric patient be best treated for his underlying emotional and physical problems, and hopefully, returned to society.

A remarkable observation was made by a group of chemists, nutrition experts and physicians at the University of Texas.

They took samples of water

from all over Texas, and laboriously studied them for the presence of lithium, a metal recently thought to be of great importance in the treatment of some cases of mental illness.

They reached a fascinating conclusion. They found that there were fewer cases of mental illness when there was a higher concentration of lithium in the water that was being drunk in various parts of the state of Texas.

It is also known that lithium may protect the heart against some types of impaired rhythm.

A study now will be undertaken to see how many more areas in health and in illness are affected by this remarkable metal.

With a new electronic device, it is now possible to carefully analyze proper and improper walking habits.

At the Institute for Rehabilitation and Research at the Baylor College of Medicine in Texas, Dr. Lewis A. Leavitt is studying the human gait.

His newer understanding of the mechanics of walking and the analysis of gait is invaluable for the retraining of amputees.

Within six weeks after surgery, these patients are now able to be fitted with an artificial leg, and returned to serviceability.

Each Briton spends \$64 a year on household lighting, heating, and cooking, according to government statistics.

They'll Do It Every Time

Economic Security

If all the armaments in the world could be destroyed tomorrow, what a gulf of unleashed resources and manpower could be turned loose to care for human needs. But that if is no more than a dream in a world which contains aggressors of many nationalities and powerful weapons of mass destruction.

There is nothing wrong with working toward seeing a dream fulfilled, providing it is done soundly and from a position of strength rather than weakness. It was from a position resembling near-desperation that 21 Latin countries appealed to the UN "to take appropriate measures for the creation of a system of collective economic security to encourage

sustained development and the expansion of national economies."

Filed with the Political Committee of the General Assembly, the resolution, it was explained by a Brazilian spokesman, was in reaction to various economic moves by the United States, the Soviet Union, Japan and the European Common Market.

It is true, as the spokesman said, that it is impossible to achieve "peace and security, in the strict sense, unless economic relations among states are conducted in such a way that conflicts and shocks are averted."

In a way, for instance, that large expropriations of another country's property and investments do not occur, without at least due compensation.

No Litterers Wanted

Worldwide efforts to ban littering are resulting in stiffer fines and in some cases possible jail sentences. In many states the former token fine applied to litterers who are caught has been replaced by penalties that cannot be ignored.

Throughout the world the story is the same. The warnings are worth heeding by tourists who want to return home on schedule instead of spending time in custody. The English frown particularly on dumping or abandoning things, with a \$250 fine for the first conviction and double that and a jail sentence for the second. And in Japan a possible jail sentence is also involved as well as a fine.

Just about everywhere, it's the tourists who cause most of the littering. When they get away from home they seem to conclude that someone ought to clean up after them. The where-withal they leave behind in many places justifies this conclusion, but it hasn't been approved by the natives anywhere.

And, of course, before anti-litter laws became more stringent, there were many cases in the United States where city dwellers took their garbage out in the country and dumped it on a farmer's doorstep. This resulted in anti-littering laws in many areas not visited by tourists.

Inconsistent

One of the problems with the federal government's accounting methods is that there is no pretense of consistency. Unlike the private accounting profession, which for years has been making headway in an effort to achieve uniformity in corporate financial statement reporting methods. Government accountants are more interested in achieving short-term political or economic effects.

An example is the 7 per cent tax credit on capital investment the administration proposed and Congress is considering as a stimulant to the economy. The accounting profession, through its Accounting Principles

Board, recommends spreading this tax credit over the life of the equipment purchased. In this way year-to-year comparisons of financial statements would not be distorted.

But the administration wants the credit applied fully to current earnings, for purposes of economic stimulation. The Senate version of the tax bill includes a mandate that the methods proposed by the accountants not be used.

The tax bill may not receive a professional stamp of approval, but when government makes the rules inconsistency becomes the standard.

By HAL BOYLE

NEW YORK (AP) — Christmas is the time of year when a man's best friend is his double talk.

The season has become so syrupy that no man of spirit can wade through it and keep his mental balance without deliberately and consciously resorting to double talk—which is saying one thing while you really mean the opposite.

For those unlearned in this ancient conversational art, here are a few typical examples for yuletide. What the person said aloud is in quotes, followed in each case by what he actually thought:

"Don't you think I've been a really good little boy this year, Mama?"—If she rats on me to Santa Claus, I'll put itching powder in her talcum powder.

"What would Christmas be without you, dear Aunt Martha?"—Just fewer unwearable neckties to throw down the incinerator as soon as you leave town.

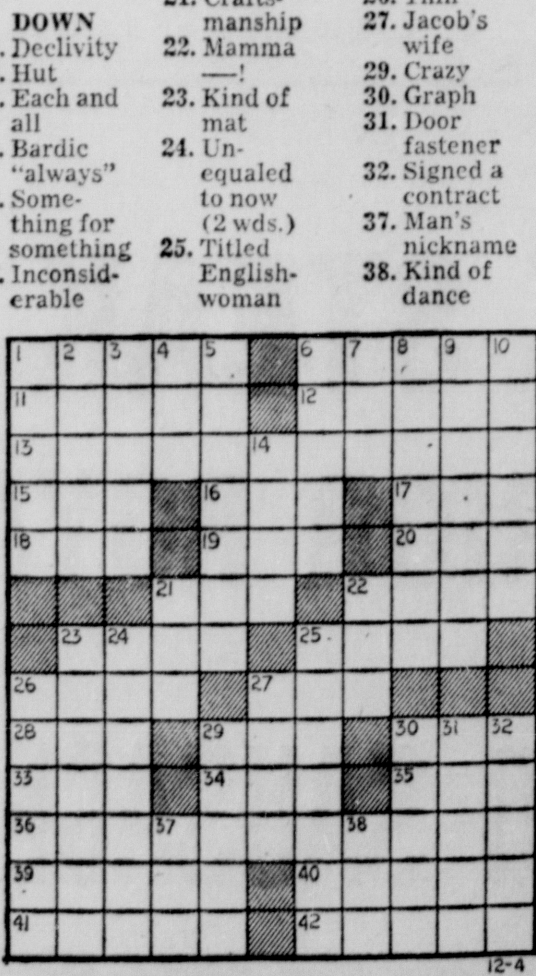

"Did old Santa stay long at your house?"—If I don't ask her, she'll tell me about every present she got anyway. What I don't understand is why she doesn't simply mimeograph the list and mail it to everyone she knows.

Romney Says LBJ Left Big Problems

KNOXVILLE, Tenn (AP) — George Romney, Secretary of Housing and Urban Development, said Friday night that former President Lyndon B. Johnson left his successor a legacy of problems comprising the greatest crisis in U.S. history.

But, Romney said, President Nixon has those problems—the Vietnam war, Domestic problems and inflation — well in hand.

Romney told the 400 persons at a \$100-a-plate dinner in honor of Sen. William Brock, R-Tenn., that he shared the view of a foreign leader who called Nixon "the greatest President you have had in this century."

While Romney spoke, other GOP leaders were gathering in Memphis to plan strategy for the 1972 campaigns. Vice President Spiro T. Agnew is to speak in Memphis today.

The President's handling of the war has earned him the position of an international peace-maker, Romney said.

His domestic legislation — such as revenue sharing and welfare reforms—will ease domestic problems if the legislation gets through Congress, he added.

Romney also claimed Nixon's anti-inflation moves to break the inflationary spiral will work with or without organized labor's support.

How Weather Looks Today

OHIO WEATHER SUMMARY

COLUMBUS, Ohio (AP) — Following is the official weather summary for Ohio from the National Weather Service:

It was another cold night in Ohio with temperatures only along the Ohio River failing to fall into the 20s. Readings as low as the low teens were recorded in some areas. A complex series of high and low pressure areas will influence the state's weather over the next few days, with spotty rain and snow expected from the south and west as the weekend wears on. That will be reinforced on Sunday by an area of snow and rain moving east from the Plains states ahead of another developing system. A slow warming trend will continue.

FORECASTS

OHIO — Mostly cloudy with chance of rain southwest today and increasing cloudiness elsewhere. High upper 30s to lower 40s. Mostly cloudy and a little warmer tonight and Sunday with chance of light rain and snow southwest tonight and chance of light rain during Sunday. Low tonight upper 20s northeast and in the lower 30s elsewhere. High Sunday lower to mid 40s.

NORTHWEST INLAND and WEST LAKE SHORE — Increasing cloudiness and a little warmer today. High in the lower 40s. Mostly cloudy tonight and Sunday with chance of rain Sunday. Low tonight in the lower 30s. High Sunday 40 to 45. Probability of precipitation 10 per cent today, 20 per cent tonight and 30 per cent Sunday.

WEST CENTRAL — Clouding over this morning and warmer this afternoon. High in the lower 40s. Mostly cloudy and not as cold tonight and Sunday with chance of mixed rain and snow tonight and chance of rain Sunday. Low tonight in the lower 30s. High Sunday 40 to 45. Probability of precipitation 20 per cent today, 30 per cent tonight and 40 per cent Sunday.

SOUTHWEST — Mostly cloudy and not as cool today with chance of light rain. High in the lower 40s. Cloudy and a little warmer tonight and Sunday with chance of light rain possibly mixed with snow

Letter To The Editor

EDITOR'S NOTE — We welcome letters to the editor. In order to be considered for publication, they must bear the correct name and address of the writer. Anonymous letters and those signed with the request that signatures be withheld will not be accepted for publication. Opinions expressed in this column are those of the writers and not necessarily those of The Herald.

Dear Editor:

Different people have called me to ask what I thought would be good gifts for patients in nursing homes. First of all I think if you bother to make anything or buy anything, you should bring it to the home and deliver it to the patient yourself.

The charge nurse can tell you who needs or wants what. I think if you send cards it would be nice to get a list of patients names and address the card directly to them and sign it with your name or club name. These people get so little mail.

Also most of the homes I'm talking about are 90 per cent welfare patients and only get \$8 a month personal allowance. So little things like powder, perfume, shaving lotion and those are hard to come by.

Welfare does not supply over

the counter items disposable bed pads or bandages. The home does supply some of these things but there is always a shortage. So if your relative is a bed patient and cannot use gowns, get her something like disposable bed pads or anything to help us make her dry and comfortable.

I don't want to appear unappreciative but the ones that are made with newspaper backing aren't very serviceable. The print rubs off when it gets wet. I think they would be great backed with plastic.

Cigarettes are alright. Some folks can "roll their own."

Washable, soft bedroom slippers and cushions with washable covers. Terry cloth bibs, record albums, candy, fresh fruit and any unperishable goodies.

I'm sure these people will appreciate anything, most of all they appreciate the presence of visitors. A lot of them have no family or visitors at all.

In past years many organizations have remembered these shutin people. The homemade cookies and other items have been well appreciated.

Sincerely,
LOUISE MCGRAW LPN

Department Split Rapped

COLUMBUS, Ohio (AP) — Officials in the Ohio Department of Mental Hygiene and Corrections are starting to think about how to multiply by dividing.

Legislation has passed the Ohio House and awaits action in the Senate that would split the department in two — into a Department of Mental Health and Retardation and a Department of Corrections.

Department director-designate Kenneth L. Gaver said Friday the split, if approved, will take a year and a half to accomplish and will create some problems — probably minor ones — of jurisdiction.

And officials of both divisions agree that the end result will be two departments that are still highly dependent on one another.

"What you'll have is one department providing services to another," Gaver said. "In this kind of situation you'll always run into some jurisdictional problems."

DAY IN DAY OUT - DAY IN DAY

Equitable Daily Interest

What it Means to you:

IT MEANS:

SAVE when you want to . . .

WITHDRAW when you want to . . .

And NEVER lose interest on passbook savings

DAY IN: YOU CAN DEPOSIT MONEY IN AN EQUITABLE FEDERAL PASSBOOK ACCOUNT ANY DAY OF THE MONTH, AND YOU START EARNING INTEREST THE SAME DAY

We've tossed out the OLD FASHIONED save-by-the-10th idea — which meant that you had to save by the 10th of the month in order to earn any interest that month. Equitable Federal realizes that you don't always have money to save at the beginning of the month — so we've made it possible for you to save according to your own financial schedule without ever losing interest.

DAY OUT: YOU ALSO MAY WITHDRAW MONEY FROM YOUR PASSBOOK ACCOUNT AT ANY TIME, AND EQUITABLE FEDERAL PAYS YOU INTEREST RIGHT UP TO THE DAY OF WITHDRAWAL.

Under the "Old Way" you waited until the end of the quarter to withdraw any money, because otherwise you earned no interest on those dollars. Interest was paid only on the money on deposit at interest distribution dates. Many financial institutions still follow this method. But at Equitable Federal, you don't have to wait. You can withdraw your savings — and earn full interest for every day we have your money.

YOU'LL EARN INTEREST FOR FIVE EXTRA DAYS EVERY YEAR.

Our computer figures the interest due you every day (365 days a year) . . . makes the necessary changes when you deposit or withdraw . . . stores all this information . . . and at the end of the quarter, prints the amount due you on your account record. At most other financial institutions you'll earn interest for only 360 days per year. Equitable Federal distributes interest payments at the end of each calendar quarter — March 31, June 30, September 30 and December 31.

EXAMPLES OF HOW YOU EARN MORE UNDER OUR DAY-IN/DAY-OUT PLAN

• Saving from your second paycheck of the month, you deposit money on the 16th.

OUR DAY-IN/DAY-OUT PLAN — You will start earning interest on the 16th.

THE OLD-FASHIONED WAY — You earn Nothing until the 1st of the next month.

• To pay a school tuition bill, you take money out on September 10th (between quarterly interest dates).

OUR DAY-IN/DAY-OUT PLAN — You earn interest on that money right up to September 10th.

Traditional Christmas Dinner Held By WSCS

NATIVITY ART — Mrs. Kenneth Luna is shown presenting the program for WSCS members of Com-

munity United Methodist Church following its traditional holiday dinner.

Women's Society of Christian Service of Community United Methodist Church met Wednesday evening in the church for its traditional Christmas carry-in dinner and program.

The program theme was "Nativity Art" presented by Mrs. Kenneth Luna. Each Circle decorated its own table according to the theme. The invocation was given by the Rev. Paul I. Wachs.

Following dinner Mrs. Fritz Jacobs, president, welcomed members and each guest was introduced. She said that cookies were needed for the snack lunch to precede the traditional Hanging of the Greens on Sunday evening. Those who wish to provide them are requested to call Mrs. Byron LeMay at 474-4837.

Projects were displayed which the PICCA Day Care Mothers have made under the guidance of Mrs. William Curtiss and Mrs. James McDaniel and their committees. It was announced that gifts for the children's

Secret Gift Shop are to be at the church by Dec. 12th.

A dedication of the Christmas message. She introduced Mrs. Kenneth Luna of Chagrin Falls, a former art teacher of this area.

Mrs. O. E. Barr presented devotions and a Christmas message. She introduced Mrs. Kenneth Luna of Chagrin Falls, a former art teacher of this area. Mrs. Luna explained the evolution of the Christmas story through different artists' concepts of the nativity. She showed sketches of various halos and their meanings. Symbols throughout the nativity paintings all have meanings. This evolution showed the beginning mystical approach into realism.

She explained appreciation of architectural lines, colors, landscapes, lights from within halos, symbols and how various painters depicted the Nativity and the atmosphere they created.

The evening's activities ended with singing of "Silent Night."

WSCS Of Hedges Chapel Holds Bazaar And Meeting

Forty members and guests attended the Thursday meeting and bazaar of Hedges Chapel Women's Society of Christian Service.

Opening devotions on the "Light Of Christmas" were given by Miss Helen Coon.

A short business meeting was conducted by the president, Mrs. William Winter. The group voted to send \$25 to help with Christmas gifts for the children at the Worthington Methodist

Home. Thank-you notes were read for Thanksgiving baskets to shut-ins and boxes to the servicemen from the church.

Program for the day was presented by Mrs. David Dill. Mrs. Martin Cromley and Mrs. Joseph Peters played a piano selection "Christmas Sleigh." The poem "A Solitary Life" was recited by Mrs. Arthur Swingle and Mrs. William Thomas read a short verse "Christmas Is." Mrs. Donald Collins presented the story "In Excelsis Deo" as told by a shepherd the night of Christ's birth.

The Mettalarcs, Mrs. Chester Peters, Mrs. David Dill, Mrs. Boyd Fosnaugh, and Mrs. Neil Barr sang several Christmas songs during the program, including "Christmas Is," "Go Tell It on the Mountain," "What you Gonna Call Your Pretty Little Baby," "Sing Noel," and "Mary's Little Boy."

Mrs. William Winter closed the program with a Christmas Prayer followed by the Mettalarcs singing "O Holy Night."

A luncheon was served at beautifully decorated tables by members of the young married class of the church.

Next meeting will be held at the church on Thursday, Jan. 6th under the leadership of the new vice president, Mrs. Judd Dresbach.

Stewart-Vance Wedding Plans Are Completed

Plans have been completed for the wedding of Miss Sharon Stewart, daughter of Mr. and Mrs. Edward Stewart and Richard Vance, son of Mr. and Mrs. Clifford Vance.

The open church ceremony will take place 6:30 p.m. Saturday, Dec. 11th in the Church of Christ In Christian Union at Jefferson Addition with the Rev. R. L. Heimbach officiating.

Invitations have been sent for a reception to be held in the home of the bride's parents.

Christmas Party Planned By Auxiliary

FOE 685 Auxiliary met Thursday evening in the Aerie Home. Pauline Kennedy, chairman, reported the auxiliary had sent 17 boxes of Christmas gifts to servicemen overseas.

Mina North, secretary, said that invitations had been sent to all auxiliary members inviting them to attend the annual Christmas Party on Thursday, Dec. 16th. Members are requested to bring canned goods for the Christmas baskets to be given to families in need.

A business meeting at 7 p.m. will precede the Christmas Party in the Aerie Home.

Care Center Mothers Meet With WSCS

Christmas items were made during the recent meeting of Women's Society of Christian Service and Day Care Center Mothers.

WSCS taught the mothers how to make wreaths and canister cans and furnished materials needed. Many incomplete articles will be done at the next meeting which will be the last until January.

Mothers attending were: Mae Shepherd, Beverly Boyssell, June Stonerock, Lettie Whaley, Lennie Crane, Connie Smith, Jane Dumm, Rosemary Lowery, Karen Hixon, Diane Wallace, Lula Belle Shirey and Marjorie Ward.

Staff members were: Sara Carithers, Joyce Sobatoka, Rosemary Starkey, Terri Gentzel and Barbara Wilson.

Church women present were: Ann Curtiss, Helen Kittle, Jane Resler, Louis Heine, Diane McDaniel, Sharyn Blecha, Marge Wolford, Virginia Murray, Frances Pritt, Ruby Whallon and Carolyn Hawkins.

Marshall Home Setting For Family Dinner

Mr. and Mrs. Maynard Marshall, Maynard, Lynn, Karen and Doug of Route 2 entertained on Thanksgiving Day with a family dinner in their home.

Guests were: Mr. and Mrs. Albert Marshall, Jefferson Addition; Mrs. Jessie Thomas, Circleville; Mr. and Mrs. James Brenton, Chris and Craig; Mr. and Mrs. Clarence Marshall, Steven and Kevin, Ashville.

Mr. and Mrs. Derald Douglas and Duane, Mr. and Mrs. Terry Marshall of Columbus; Mr. and Mrs. Ronald Myers, Angie and Kim, Arcanum; Mr. and Mrs. Gene Marshall, Jodi and Jeff, Grove City.

Guild 29 Plans Party

Final plans were made for a Christmas Party by Berger Hospital Guild 29 during its recent meeting in the home of Mrs. Wayne Patrick, Route 1, Kingston. Assisting hostess was Mrs. Gerald Patrick.

Mrs. Robert Bower, chairman, opened the meeting with the reading "Five Grains Of Corn."

The Christmas Party will be held 6:30 p.m. Thursday, Dec. 16th at Pickaway Arms.

Mrs. Charles Boldoser Sr., Mrs. Ralph Woolever, Mrs. Gerald Patrick and Mrs. Jacob Maxwell received gifts from their mystery sisters.

The time for the January and February meetings has been changed to 7:30 instead of 8 p.m.

Punch and cookies were served by the hostesses to 15 members and one guest, Mrs. Larry Varble.

HOLIDAY FRUITCAKE — This is the light colored variety that many tasters cherish.

It's Time For Fruitcake

By CECILY BROWNSTONE
Associated Press Food Editor

This fruitcake has several recommendations. First, from one batch of batter you get three cakes — two for giving and one to keep. Second, its texture is sturdy and that means it cuts well. Third, it has beguiling flavor, due in part to the sherry that goes into the batter and that is sprinkled on the baked cakes during storage. If you make this cake expect a light-colored result. The red glaze cherries and golden raisins included dot slices with pretty color. The coconut added hardly shows but it contributes to the texture and flavor.

SHERRIED FRUITCAKE

1 pound butter
1 1/4 cups sugar
2 teaspoons vanilla
7 eggs
5 1/2 cups sifted flour
2 teaspoons baking powder
2 teaspoons nutmeg
1 cup sweet sherry
1/2 cup unsweetened canned pineapple juice
1 cup (8 ounces) red glaze cherries, halved
1 cup (8 ounces) diced candied orange peel
1 cup (8 ounces) sliced candied pineapple

3 cups (8 ounces) shredded coconut
4 cups (16 ounces) walnut meats, coarsely chopped
3 1/2 cups (16 ounces) golden raisins
Grease and flour 3 loaf pans (each about 8 1/2 by 4 1/2 by 2 1/2 inches).

In a very large mixing bowl cream the butter, sugar and vanilla; add eggs one at a time, beating after each addition. Sift 4 cups of the flour with the baking powder and nutmeg; stir into creamed mixture alternately with sherry and pineapple juice until smooth each time.

In another large mixing bowl, mix together the cherries, orange peel, pineapple, coconut, walnuts and raisins with the remaining 1 1/2 cups flour. Add to batter and mix thoroughly. Turn into prepared pans.

Bake in a preheated 300-degree oven until cake tester inserted in center comes out clean — 1 1/2 hours. Cool partially. With a small metal spatula loosen edges; turn out on wire rack; turn right side up. Cool completely.

Sprinkle cakes with sherry and wrap in sherry-soaked cheesecloth; wrap again in foil or transparent plastic wrap or place in a tightly closed plastic bag. Store in refrigerator. If cake dries, sprinkle with more sherry.

Note: Instead of just greasing and flouring the baking pans you can line the bottoms with wax paper and grease and flour the paper. This insures cakes turning out of pans without sticking.

Traditional Christmas Dinner Held By WSCS

NATIVITY ART — Mrs. Kenneth Luna is shown presenting the program for WSCS members of Community United Methodist Church following its traditional holiday dinner.

Women's Society of Christian Service of Community United Methodist Church met Wednesday evening in the church for its traditional Christmas carry-in dinner and program.

The program theme was "Nativity Art" presented by Mrs. Kenneth Luna. Each Circle decorated its own table according to the theme. The invocation was given by the Rev. Paul I. Wachs.

Following dinner Mrs. Fritz Jacobs, president, welcomed members and each guest was introduced. She said that cookies were needed for the snack lunch to precede the traditional Hanging of the Greens on Sunday evening. Those who wish to provide them are requested to call Mrs. Byron LeMay at 474-4837.

Projects were displayed which the PICCA Day Care Mothers have made under the guidance of Mrs. William Curtiss and Mrs. James McDaniel and their committees. It was announced that gifts for the children's

Secret Gift Shop are to be at the church by Dec. 12th.

A dedication of the Christmas offering was conducted. The money will be used for local missions.

Mrs. O. E. Barr presented devotions and a Christmas message. She introduced Mrs. Kenneth Luna of Chagrin Falls, a former art teacher of this area.

Mrs. Luna explained the evolution of the Christmas story through different artists' concepts of the nativity. She showed sketches of various halos and their meanings. Symbols throughout the nativity paintings all have meanings. This evolution showed the beginning mystical approach into realism.

She explained appreciation of architectural lines, colors, landscapes, lights from within halos, symbols and how various painters depicted the Nativity and the atmosphere they created.

The evening's activities ended with singing of "Silent Night."

WSCS Of Hedges Chapel Holds Bazaar And Meeting

Forty members and guests attended the Thursday meeting and bazaar of Hedges Chapel Women's Society of Christian Service.

Opening devotions on the "Light Of Christmas" were given by Miss Helen Coon.

A short business meeting was conducted by the president, Mrs. William Winter. The group voted to send \$25 to help with Christmas gifts for the children at the Worthington Methodist

Home. Thank-you notes were read for Thanksgiving baskets to shut-ins and boxes to the servicemen from the church.

Program for the day was presented by Mrs. David Dill, Mrs. Martin Cromley and Mrs. Joseph Peters played a piano selection "Christmas Sleigh." The poem "A Solitary Life" was recited by Mrs. Arthur Swingle and Mrs. William Thomas read a short verse "Christmas Is." Mrs. Donald Collins presented the story "In Excelsis Deo" as told by a shepherd the night of Christ's birth.

The Mettalaraks, Mrs. Chester Peters, Mrs. David Dill, Mrs. Boyd Fosnaugh, and Mrs. Neil Barr sang several Christmas songs during the program, including "Christmas Is," "Go Tell It on the Mountain," "What You Gonna Call Your Pretty Little Baby," "Sing Noel," and "Mary's Little Boy."

Mrs. William Winter closed the program with a Christmas Prayer followed by the Mettalaraks singing "O Holy Night." A luncheon was served at beautifully decorated tables by members of the young married class of the church.

Next meeting will be held at the church on Thursday, Jan. 6th under the leadership of the new vice president, Mrs. Judd Dresbach.

Stewart-Vance Wedding Plans Are Completed

Plans have been completed for the wedding of Miss Sharon Stewart, daughter of Mr. and Mrs. Edward Stewart and Richard Vance, son of Mr. and Mrs. Clifford Vance.

The open church ceremony will take place 6:30 p.m. Saturday, Dec. 11th in the Church of Christ in Christian Union at Jefferson Addition with the Rev. R. L. Heimbach officiating.

Invitations have been sent for a reception to be held in the home of the bride's parents.

Christmas Party Planned By Auxiliary

FOE 685 Auxiliary met Thursday evening in the Aerie Home. Pauline Kennedy, chairman, reported the auxiliary had sent 17 boxes of Christmas gifts to servicemen overseas.

Mina North, secretary, said that invitations had been sent to all auxiliary members inviting them to attend the annual Christmas Party on Thursday, Dec. 16th. Members are requested to bring canned goods for the Christmas baskets to be given to families in need.

A business meeting at 7 p.m. will precede the Christmas Party in the Aerie Home.

Care Center Mothers Meet With WSCS

Christmas items were made during the recent meeting of Women's Society of Christian Service and Day Care Center Mothers.

WSCS taught the mothers how to make wreaths and canister cans and furnished materials needed. Many incompletable articles will be done at the next meeting which will be the last until January.

Mothers attending were: Mae Shepherd, Beverly Boysel, June Stonerock, Lettie Whaley, Lennie Crane, Connie Smith, Jane Dumm, Rosemary Lowery, Karen Hixon, Diane Wallace, Lula Belle Shirey and Marjorie Ward.

Staff members were: Sara Carithers, Joyce Sobatoka, Rosemary Starkey, Terri Gentzel and Barbara Wilson.

Church women present were: Ann Curtiss, Helen Kittle, Jane Resler, Louis Heine, Diane McDaniel, Sharyn Blecha, Marge Wolford, Virginia Murray, Frances Pritt, Ruby Whallon and Carolyn Hawkins.

Marshall Home Setting For Family Dinner

Mr. and Mrs. Maynard Marshall, Maynard, Lynn, Karen and Doug of Route 2 entertained on Thanksgiving Day with a family dinner in their home.

Guests were: Mr. and Mrs. Albert Marshall, Jefferson Addition; Mrs. Jessie Thomas, Circleville; Mr. and Mrs. James Brenton, Chris and Craig; Mr. and Mrs. Clarence Marshall, Steven and Kevin, Ashville.

Mr. and Mrs. Derald Douglas and Duane, Mr. and Mrs. Terry Marshall of Columbus; Mr. and Mrs. Ronald Myers, Angie and Kim, Arcanum; Mr. and Mrs. Gene Marshall, Jodi and Jeff, Grove City.

Guild 29 Plans Party

Final plans were made for a Christmas Party by Berger Hospital Guild 29 during its recent meeting in the home of Mrs. Wayne Patrick, Route 1, Kingston. Assisting hostess was Mrs. Gerald Patrick.

Mrs. Robert Bower, chairman, opened the meeting with the reading "Five Grains Of Corn."

The Christmas Party will be held 6:30 p.m. Thursday, Dec. 16th at Pickaway Arms.

Mrs. Charles Boldoser Sr., Mrs. Ralph Woolever, Mrs. Gerald Patrick and Mrs. Jacob Maxwell received gifts from their mystery sisters.

The time for the January and February meetings has been changed to 7:30 instead of 8 p.m.

Punch and cookies were served by the hostesses to 15 members and one guest, Mrs. Larry Varble.

HOLIDAY FRUITCAKE — This is the light colored variety that many tasters cherish.

It's Time For Fruitcake

By CECILY BROWNSTONE
Associated Press Food Editor

This fruitcake has several recommendations. First, from one batch of batter you get three cakes — two for giving and one to keep. Second, its texture is sturdy and that means it cuts well. Third, it has beguiling flavor, due in part to the sherry that goes into the batter and that is sprinkled on the baked cakes during storage.

If you make this cake expect a light-colored result. The red glaze cherries and golden raisins included dot slices with pretty color. The coconut added hardly shows but it contributes to the texture and flavor.

SHERRED FRUITCAKE

1 pound butter
1 1/2 cups sugar
2 teaspoons vanilla
7 eggs
5 1/2 cups sifted flour
2 teaspoons baking powder
2 teaspoons nutmeg
1 cup sweet sherry
1/2 cup unsweetened canned pineapple juice

1 cup (8 ounces) red glaze cherries, halved
1 cup (8 ounces) diced candied orange peel
1 cup (8 ounces) sliced candied pineapple

3 cups (8 ounces) shredded coconut
4 cups (16 ounces) walnut meats, coarsely chopped
3 1/2 cups (16 ounces) golden raisins

Grease and flour 3 loaf pans (each about 8 1/2 by 4 1/2 by 2 1/2 inches).

In a very large mixing bowl cream the butter, sugar and vanilla; add eggs one at a time, beating after each addition.

Sift 4 cups of the flour with the baking powder and nutmeg; stir into creamed mixture alternately with sherry and pineapple juice until smooth each time.

In another large mixing bowl, mix together the cherries, orange peel, pineapple, coconut, walnuts and raisins with the remaining 1 1/2 cups flour. Add to batter and mix thoroughly. Turn into prepared pans.

Bake in a preheated 300-degree oven until cake tester inserted in center comes out clean — 1 1/2 hours. Cool partially. With a small metal spatula loosen edges; turn out on wire rack; turn right side up. Cool completely.

Sprinkle cakes with sherry and wrap in sherry-soaked cheesecloth; wrap again in foil or transparent plastic wrap or place in a tightly closed plastic bag. Store in refrigerator. If cake dries, sprinkle with more sherry.

Note: Instead of just greasing and flouring the baking pans you can line the bottoms with wax paper and grease and flour the paper. This insures cakes turning out of pans without sticking.

Dear Abby:

By Abigail Van Buren

'Should I Forgive And Forget?'

DEAR ABBY: After 14 years of what I thought was a good marriage, my husband (I'll call him "John") asked me for a divorce. (We have three children.) He said he had fallen in love with a woman he works with and wanted to be free to marry her.

I went to pieces. I had no idea John had ever looked at another woman. (He isn't the type.) I told him I wouldn't stand in his way. He moved out, but I couldn't bring myself to go to a lawyer about a divorce. The next two weeks I hardly ate or slept. (I lost 12 pounds.) Then all of a sudden John came home.

He said he couldn't go through with it, he still loved me, and if I could forgive and forget he would spend the rest of his life trying to make it up to me.

Now my problem: Even tho all the time John was gone I kept hoping and praying he would come back, when he finally did, I was so hurt inside I couldn't turn off the bitterness and hate, and turn on my love.

How can I forgive and forget? I really love him.

TURNED OFF
DEAR TURNED OFF: If you want to get over your hurt, you can. Don't dwell on the past. What's done is done. God heard your prayers. Now, pray for the strength to really forgive and forget. Time and a forgiving attitude will do wonders for you. Good luck.

DEAR ABBY: I am a college student (female) who is tired of hearing all about the bright, well-educated young women who are stuck in dull, low-paying jobs because they are women. I don't believe it.

For example, you seem to have made a successful career for yourself in the field of journalism, which has more men than women. Have you encountered much sex-prejudice thruout your career? I mean, do you think, being a woman, you had to work hard to get to the top?

DEAR AMBITIOUS: I encountered no sex-prejudice at all. In fact, I think being a woman gave me a natural advantage. And doesn't the role of "Mother Confessor" more naturally belong to a woman?

DEAR ABBY: My boy friend (I'll call him "Victor";) is 21. 'same age as myself. My

Cold Tigers Drop Hot Battle To MT

It was a cold night all around as Circleville couldn't find the bucket and dropped its opening game in South Central Ohio League competition to Miami Trace, 68-59, Friday on the Panthers' court.

The Tigers had their troubles as shot after shot missed the basket and sent the Red and Black down to defeat. They managed to hoop 23 of 74 shots from the floor for a frigid 31 per cent which doesn't win many ball games in any man's league.

After setting a red hot 51 per cent pace against Westfall last week it was hard to believe that things could get as bad as they were for the Tigers.

It just wasn't Circleville's night as the Tigers fell behind 5-0 at the outset of the game and never came up with enough to take the lead in the contest.

THEY cut the margin to 31-25 at halftime but a poor third quarter took the game out of reach and it was the Panthers' game from there on home.

It was the Panthers on top 17-9 at the end of the first period, out in front, 51-38 at the conclusion of the third period and although the Tigers narrowed the margin to five points late in the contest it just wasn't enough.

Terry Morrison, the Tiger wizard, had four from the floor and nine of nine from the charity stripe for 17 points to pace the Circleville attack.

Dan Graham hooped 16, Dave Truex 10, Don Valentine seven, Mike Hamrick four, Jim Neal and Glen Gillespie had two apiece and Kent Wolfe one to account for the Tigers' totals.

Muff Jones and Kemmy Goodson shared scoring honors for Trace with 17 points apiece, Pete Jones added 12, Jack Reno eight, Greg Stockwell and Jeff Spears each had five and Glen Gifford netted four for the winners.

Rebounds were about even with Trace getting 41 and Circleville pulling down 38. Goodson and the Jones boys led the Panthers while Graham, Morrison and Truex did the job for the Tigers.

CIRCLEVILLE converted 13 of 17 from the foul line for 76 per cent and Trace connected on 20 of 27 for 74 per cent.

Although Trace committed 27 turnovers in the fracas they got away with it due to the cold hand held by the Tigers. Circleville misplayed the ball 14 times in the game.

Trace jumped out to a 5-0 lead on a bucket and three fouls by Goodson and Circleville didn't light up the scoreboard until Valentine hit a two pointer from the corner with 5:09 left in the period.

CHS Reserves Falter And Fall To Trace

A number of turnovers and only six points in the final quarter was the downfall of the Circleville reserves as they dropped a 50-47 decision to Miami Trace Friday night on the Panthers' hardwood.

Trailing 13-12 at the end of the first period and 26-21 at halftime, the Tigers came to life in the third canto to score 20 points and knot the count 41-41 at the third period buzzer.

Just when it appeared the Tigers were on the right track, they suddenly went cold from the floor and began committing turnovers which ended their chances.

Two foul shots by Kris Kline cut the Panther lead to 49-45 with 2:04 remaining but a basket by Persinger of the Panthers countered a last ditch bucket by Martin and it was all over.

KLING led all scorers with nine from the floor and four from the charity stripe for 22 points, Robin Martin added 12, Steve Allen and John Ankrom had five apiece and Doug Radabaugh hooped three to account for the Tiger scoring.

David Persinger paced the Panther quintet with 21 tallies, Randy Reiber had nine, Doug Baker and Neil Woods each added six and David Steinhouser and Steve Mowery had four apiece for the winners.

Circleville is now 1-2 for the season and will meet Hillsboro Friday night on the Tigers' floor.

Morrison added a two pointer on a steal and converted a foul to cut the margin and another bucket by Valentine and a shot from the lane by Graham gave the Tigers all the markers they were to get in the first canto.

Muff Jones and Stockwell got into the act for the Panthers and hit buckets to give them a good margin at the end of the period.

It appeared the Tigers were going to come to life in the second canto as buckets by Truex, Graham and Hamrick coupled with five straight fouls by Morrison left the Tigers trailing by six at halftime.

A tight zone defense put up by the tall Panthers took its toll in the third period as the Tigers were limited to 13 points while the Panthers countered with 20.

The Tigers began to press in the late stages of the final

period and cut the lead to five points late in the game but a bucket and pair of fouls put the game on ice for the Panthers.

Trace downed Circleville, 68-59, on the Panthers' floor, Washington was a poor host as they beat Hillsboro, 58-50, and Greenfield topped Hillsboro, 67-55 on the Indians' court.

Albert Donahue hooped 19 points to pace Washington while Robert Raiz was the big gun for Wilmington with 11 markers.

Dave Trefz and Frank Strobel netted 14 points apiece to lead Greenfield over Hillsboro, Karl Frydryk and Eric Bailey both tallied 17 markers for the losing Hurricane.

LOGAN Elm couldn't seem to find the range of the basket throughout the game only connecting 21 of 76 shots from the field for 27.6 per cent and hitting 17 of 25 foul shots for 68 per cent. The Braves gave 11 times on turnovers and collected 14 personal fouls.

Unio to outshot the Braves from the field hitting 29 of 63 for 46 per cent and connecting 15 of 23 foul shots for 65 per cent. The Shermans turned the ball over 17 times and committed 16 personals.

LOGAN Elm jumped out to a quick edge in the first quarter with a 16-13 lead. Then Jones sank eight of his 20 points in the second quarter and Logan Elm went in at halftime with a two point lead 33-31. Early in the second quarter the Braves led by eight.

The Shermans battled back in the first four minutes of the third quarter getting the lead which they held the rest of the game. At the end of the third quarter Unio to was in front 47-45. Shooting percentage started

killing the Braves in the last quarter as Unio to jumped out to a 10 point lead with 5:15 left in the game. The Unio to ball club went on to win 75-61.

The Little Braves won their first game in the new gym defeating Unio to 52-47. Terry Crumley led the Braves in scoring with 15 points followed by Jay Justice who sank 12.

LOGAN Elm's next game will be tonight in the George E. Franklin Heights, a class AAA school.

Cold Tigers Drop Hot Battle To MT

It was a cold night all around as Circleville couldn't find the bucket and dropped its opening game in South Central Ohio League competition to Miami Trace, 68-59, Friday on the Panthers' court.

The Tigers had their troubles as shot after shot missed the basket and sent the Red and Black down to defeat. They managed to hoop 23 of 74 shots from the floor for a frigid 31 per cent which doesn't win many ball games in any man's league.

After setting a red hot 51 per cent pace against Westfall last week it was hard to believe that things could get as bad as they were for the Tigers.

It just wasn't Circleville's night as the Tigers fell behind 5-0 at the outset of the game and never came up with enough to take the lead in the contest.

THEY cut the margin to 31-25 at halftime but a poor third quarter took the game out of reach and it was the Panthers' game from there on home.

It was the Panthers on top 17-9 at the end of the first period, out in front, 51-38 at the conclusion of the third period and although the Tigers narrowed the margin to five points late in the contest it just wasn't enough.

Terry Morrison, the Tiger wizard, had four from the floor and nine of nine from the charity stripe for 17 points to pace the Circleville attack.

Dan Graham hooped 16, Dave Truex 10, Don Valentine seven, Mike Hamrick four, Jim Neal and Glen Gillespie had two apiece and Kent Wolfe one to account for the Tigers' totals.

Muff Jones and Kemmy Goodson shared scoring honors for Trace with 17 points apiece. Pete Jones added 12, Jack Reno eight, Greg Stockwell and Jeff Spears each had five and Glen Gifford netted four for the winners.

Rebounds were about even with Trace getting 41 and Circleville pulling down 38. Goodson and the Jones boys led the Panthers while Graham, Morrison and Truex did the job for the Tigers.

CIRCLEVILLE converted 13 of 17 from the foul line for 76 per cent and Trace connected on 20 of 27 for 74 per cent.

Although Trace committed 27 turnovers in the fracas they got away with it due to the cold hand held by the Tigers. Circleville misplayed the ball 14 times in the game.

Trace jumped out to a 5-0 lead on a bucket and three fouls by Goodson and Circleville didn't light up the scoreboard until Valentine hit a two pointer from the corner with 5:09 left in the period.

CHS Reserves Falter And Fall To Trace

A number of turnovers and only six points in the final quarter was the downfall of the Circleville reserves as they dropped a 50-47 decision to Miami Trace Friday night on the Panthers' hardwood.

Trailing 13-12 at the end of the first period and 26-21 at halftime, the Tigers came to life in the third canto to score 20 points and knot the count 41-41 at the third period buzzer.

Just when it appeared the Tigers were on the right track, they suddenly went cold from the floor and began committing turnovers which ended their chances.

Two foul shots by Kris Kline cut the Panther lead to 49-45 with 2:04 remaining but a basket by Persinger of the Panthers countered a last ditch bucket by Martin and it was all over.

KLINE led all scorers with nine from the floor and four from the charity stripe for 22 points. Robin Martin added 12, Steve Allen and John Ankrom had five apiece and Doug Radabaugh hooped three to account for the Tiger scoring.

David Persinger paced the Panther quintet with 21 tallies, Randy Reiber had nine, Doug Baker and Neil Woods each added six and David Steinhouser and Steve Mowery had four apiece for the winners. Circleville is now 1-2 for the season and will meet Hillsboro Friday night on the Tigers' floor.

Morrison added a two pointer on a steal and converted a foul to cut the margin and another bucket by Valentine and a shot from the lane by Graham gave the Tigers all the markers they were to get in the first canto.

Muff Jones and Stockwell got into the act for the Panthers and hit buckets to give them a good margin at the end of the period.

It appeared the Tigers were going to come to life in the second canto as buckets by Truex, Graham and Hamrick coupled with five straight fouls by Morrison left the Tigers trailing by six at halftime.

A tight zone defense put up by the tall Panthers took its toll in the third period as the Tigers were limited to 13 points while the Panthers countered with 20.

The Tigers began to press in the late stages of the final

period and cut the lead to five points late in the game but a bucket and pair of fouls put the game on ice for the Panthers.

Circleville is now 1-2 for the season and will host the Indians of Hillsboro Friday in another SCOL encounter.

Mustangs Tripped By Paint Valley In 78-66 Tilt

Westfall's first game in the Scioto Valley Conference was on the wrong side of the ledger as the Mustangs lost to visiting Paint Valley Friday, 78-66.

The Bearcats, tabbed by many of the league observers as the team most likely to wrest the title away from Zane Trace, last year's conference king, never trailed in the tilt.

Leading the Mustangs by 37-19 at the end of the first eight minutes of play, they widened the margin to 16 points, 46-30, at halftime. Going into the final canto they were on top, 61-53.

Game scoring laurels went to Bruce Beatty, Westfall's sharpshooter, who scorched the nets for 11 buckets from the field and six from the charity stripe for a total of 28 markers. He was also the leading rebounder for the Mustangs, pulling down 11 missed shots.

JOHN Valone pitched in 11 points on five field goals and a charity toss. Mike Harris tallied nine, Scott Riddle scored eight, Tom Cook and Doug McKay four each and Mike Peterson two.

The Bearcats had balanced scoring with Taylor and Haas notching 16 points each, Kevin

Shoemaker and Anderson evenly dividing 30 points between them.

Both teams were cool at the foul line. The Mustangs made 12 of 24 for 50 per cent and Paint Valley 12 of 22, for 55 per cent.

Westfall had six turnovers, and the Bearcats were able to capitalize for five points on the Mustang miscues. The Mustangs, on the other hand, were able to pick up 22 points off the 19 mistakes made by the visitors.

Westfall has a 3-2 record for the season. The next game in the Mustangs is Friday at Unioto.

The Bearcats won the reserve game, defeating the little Mustangs, 47-33.

Kraft Paces Aces Over Carroll, 64-44

Amanda-Clearcreek downed visiting Carroll 64-44 in a Mid State basketball league game Friday.

The Aces are now 1-1 in the league while Carroll has an 0-2 loop record.

Dave Kraft led all scorers with 23 points, tossing in nine field goals and five charity tosses. Miller gave Kraft twin figure support with 15 markers coming on six field goals and three foul shots.

Only one player hit in double figures for the losers. Coffman tallied 10 points.

THE Aces led all the way. They were on top 12-10 at the end of the first period, 39-20 at halftime and 47-29 going into the third period.

From the field, Amanda connected on 22 of 50 attempts, a 44 per cent shooting average. At the free throw line they made 20 of 28, a 71 per cent average.

The Aces outrebounded the Bulldogs, 34-28.

Carroll cagers sank 18 of 53 shots from the field for a 34 per cent average and made eight of 18 at the charity stripe, a 44 per cent average.

The Amanda Reserves won the preliminary game, 41-33. The next action for the Aces comes Friday when the Millersport Lakers invade the Amanda-Clearcreek gym.

Trace, Lions, McClain Cop SCOL Wins

Miami Trace, Washington C. H. and Greenfield all came up with wins in the opening round of South Central Ohio League action Friday night.

Trace downed Circleville, 68-59, on the Panthers' floor. Washington was a poor host as they beat Wilmington, 58-50, and Greenfield topped Hillsboro, 67-55 on the Indians' court.

Albert Donahue hooped 19 points to pace Washington while Robert Raizk was the big gun for Wilmington with 11 markers.

Dave Trefz and Frank Strobel netted 14 points apiece to lead Greenfield over Hillsboro. Karl Frydryk and Eric Bailey both tallied 17 markers for the losing Hurricane.

Auto Racing Great Open 2-Day Meet

COLLEGE STATION, Tex. (AP) — Darrell Waltrip, a weekend racer from Franklin, Tenn., starts his eight-year-old car in the pole position for a 200-mile race today that opens two days of stockcar competition at Texas World Speedway.

The Permatex event for sportsman sedans will get the green flag at 2 p.m. Eighteen cars were to make the start, with Waltrip, 30, setting the pace after qualifying his 1966 Chevelle at 163.668 miles per hour.

Another preliminary, the Alamo 200 for cars of the Porsche, Mustang and Corvette class, is scheduled for 9 p.m. using the speedway's two-mile road course.

The weekend's feature, the Texas 500 for NASCAR's powerful grand national racers, is set for 1 p.m. CST Sunday with Pete Hamilton having the important pole position.

The slender blond from Dedham, Mass., paced Friday's crowded qualifying schedule by clocking 170.839 m.p.h. in a Plymouth. Benny Parsons, making his first—and probably his only—start in A. J. Foyt's Chevrolet, had the other front berth at 169.947 m.p.h.

Forty drivers were in Sunday's lineup, leaving 10 berths to be filled from final trials today.

The Permatex starters included some of NASCAR's top names.

Among them are James Hylton of Inman, S.C., who already has clinched second place in the grand national point standings behind Richard Petty; Bobby Allison, stock car racing's No. 2 money winner who won a record 27 sportsman races this year, and Red Farmer, the Hueytown, Ala., veteran who claimed the sportsman title for the third straight year.

Arts Center Sets Attendance Record

SARATOGA SPRINGS, N.Y. (AP) — The Saratoga Performing Arts Center had the most attendance in 1971 since opening in 1966. Attendance was 403,779, an increase of 19 per cent over 1970.

The summer's 37 special concerts were responsible for the increase, drawing 270,221. The house record for one night was set by the Who, attended by 33,652. Other leading events were Chicago, 27,037; "Jesus Christ Superstar," 18,000 and the Carpenters, 17,264.

Ted Williams batted .200 — five hits in 25 trips — in the 1946 World Series, the only one he played.

Logan Elm Cagers Lose Inaugural Game In McDowell Gym To Unioto

Logan Elm lost their first Scioto Valley Conference game to Unioto 75-61 inaugurating the brand new 2,000-seat George E. McDowell Gymnasium Friday night.

Rick Evans led the Sherms to their victory with 32 points and 11 rebounds and was assisted in double figures by Jeff Zeisler with 18 and Steve Detillion who popped 10.

Alex Jones was red hot for the Braves bombing the bucket for 20 points and storming the board for 10 rebounds.

Second to Jones in scoring were Tim Justice and Tom Sykes each hitting for 13 points followed by Logan Elm's bench power of Jeff Young sinking five for five foul shots and Steve Fischer and Doug Barnett each nabbing four quick points.

LOGAN Elm couldn't seem to find the range of the basket throughout the game only

connecting 21 of 76 shots from the field for 27.6 per cent and hitting 17 of 25 foul shots for 68 per cent. The Braves gave 11 times on turnovers and collected 14 personal fouls.

Unioto outshot the Braves from the field hitting 29 of 63 for 46 per cent and connecting 15 of 23 foul shots for 65 per cent. The Sherms turned the ball over 17 times and committed 16 personals.

Logan Elm jumped out to a quick edge in the first quarter with a 16-13 lead. Then Jones sank eight of his 20 points in the second quarter and Logan Elm went in at halftime with a two point lead 33-31. Early in the second quarter the Braves led by eight.

The Sherms battled back in the first four minutes of the third quarter getting the lead which they held the rest of the game. At the end of the third quarter Unioto was in front 47-45. Shooting percentage started

killing the Braves in the last quarter as Unioto jumped out to a 10 point lead with 5:15 left in the game. The Unioto ball club went on to win 75-61.

The Little Braves won their first game in the new gym defeating Unioto 52-47. Terry Crumley led the Braves in scoring with 15 points followed by Jay Justice who sank 12.

Logan Elm's next game will be tonight in the George E.

McDowell gymnasium against Franklin Heights, a class AAA school.

Big Ten Cage Teams Face Action

By THE ASSOCIATED PRESS
Big Ten basketball teams, off to a 8-2 edge against intersectional foes, go full swing again Saturday.

Michigan State and Northwestern, the only two losers in Wednesday's opening round, will try to balance their records at home.

Michigan State dropped a 77-67 decision at Missouri and the Spartans hope to enter the winner's circle at home against Southern Alabama.

Northwestern, a 94-85 loser at Kentucky, will have a tough go Saturday night even though the Wildcats are at home. They take on Ohio University which opened its campaign with a 70-66 victory over Muskingum.

Illinois, Iowa, Minnesota, Indiana, Wisconsin, Michigan, Ohio State and Purdue all will seek second straight victories.

Illinois, Iowa, Minnesota and Wisconsin will have to do it the hard way. All four are on the road with Iowa drawing the toughest assignment. The Hawkeyes go up against top-ranked UCLA.

Illinois invades Oklahoma, Minnesota is at Iowa State and Wisconsin journeys to Tulane.

Indiana, Michigan, Ohio State and Purdue are at home. Indiana faces Miami of Ohio, Michigan takes on Western Michigan, Ohio State hosts Oregon and Purdue entertains Eastern Michigan.

Zane Trace Rips Laurelville 96-67 For Second SVC Win

With veteran center Dave Hammond scoring 37 markers and senior forward Rick Edler tossing in 30, Zane Trace rolled to a 96-67 victory over visiting Laurelville Friday.

Hammond, a four-year varsity veteran for the Pioneers, sank 13 of 16 shots from the field and connected on 11 charity tosses for his point total.

Edler made 14 of 20 from the field and added two at the line for his total. Also scoring in double figures for the winners was Bill Miller with 14.

For Laurelville, Keith Ebert tallied 15 points, Donald Roof 15 and Butch Valentine 10.

THE Wildcats made 25 of 69 shots from the field for a 36 per cent shooting average. At the foul line they made 17 of 27.

Zane Trace connected on 39 of 64 shots from the field, a 61 per cent average and 18 of 28 charity tosses.

The Wild kittens won the preliminary game, 54-46, with Ken Roth scoring 19 markers for the winners.

Laurelville's next game will

be with visiting East Clinton Friday, a Scioto Valley Conference game.

The Wildcats are 1-1 for the season and 0-1 in the league. Zane Trace is 2-1 for the season and 2-0 in the SVC.

TODAY In History

By THE ASSOCIATED PRESS
Today is Saturday, Dec. 4, the 338th day of 1971. There are 27 days left in the year.

Today's highlight in history: On this date in 1851, a workers' rebellion broke out in Paris and was suppressed by Louis Napoleon. The event is known in French history as the "December Four Massacre."

On this date:
In 1783, George Washington had a farewell meeting with his officers at Fraunce's Tavern in New York.
In 1816, James Monroe was elected the fifth U.S. president.
In 1876, the New York Tammany leader, Boss Tweed, escaped from prison. He later was recaptured in Spain.
In 1942, American bombers struck the Italian mainland for the first time in World War II.
In 1943, President Franklin D. Roosevelt, British Prime Minister Winston Churchill and President Ismet Inonu held a wartime meeting in Cairo.
In 1944, British troops and armed units of the Greek leftist Olas party were fighting in the streets of Athens.
Ten years ago: U.S. military policemen halted a Soviet army sedan for an hour in the U.S. sector of Berlin, reportedly to retaliate for Communist harassment of U.S. Army cars in East Berlin.
Five years ago: Britain and Rhodesia were trying to work out terms to end the Rhodesian white government's rebellion.
One year ago: A U.N. investigating team reported that Portuguese armed forces had been involved in military actions inside Guinea, along with Guinean rebels.

Young And Morgan Share Coach Honors

BLUFFTON, Ohio (AP) — Dick Young of Anderson and By Morgan of Findlay, whose teams shared the Hoosier-Buckeye Collegiate Conference football championships, have been named co-coaches of the year in the league.

The two mentors, whose teams posted identical 5-1 records, were chosen by fellow coaches in the nine-team league. The coaches also selected a 44-member all-conference team.

TODAY In History

By THE ASSOCIATED PRESS
Today is Saturday, Dec. 4, the 338th day of 1971. There are 27 days left in the year.
Today's highlight in history: On this date in 1851, a workers' rebellion broke out in Paris and was suppressed by Louis Napoleon. The event is known in French history as the "December Four Massacre."
On this date: In 1783, George Washington had a farewell meeting with his officers at Fraunce's Tavern in New York.
In 1816, James Monroe was elected the fifth U.S. president.
In 1876, the New York Tammany leader, Boss Tweed, escaped from prison. He later was recaptured in Spain.
In 1942, American bombers struck the Italian mainland for the first time in World War II.
In 1943, President Franklin D. Roosevelt, British Prime Minister Winston Churchill and President Ismet Inonu held a wartime meeting in Cairo.
In 1944, British troops and armed units of the Greek leftist OLA party were fighting in the streets of Athens.
Ten years ago: U.S. military policemen halted a Soviet army sedan for an hour in the U.S. sector of Berlin, reportedly to retaliate for Communist harassment of U.S. Army cars in East Berlin.
Five years ago: Britain and Rhodesia were trying to work out terms to end the Rhodesian white government's rebellion.
One year ago: A U.N. investigating team reported that Portuguese armed forces had been involved in military actions inside Guinea, along with Guinean rebels.

Young And Morgan Share Coach Honors
BLUFFTON, Ohio (AP) — Dick Young of Anderson and By Morgan of Findlay, whose teams shared the Hoosier-Buckeye Collegiate Conference football championship, have been named co-coaches of the year in the league.
The two mentors, whose teams posted identical 5-1 records, were chosen by fellow coaches in the nine-team league. The coaches also selected a 44-member all-conference team.

Pile Of Technical Jargon Document Automobile Ads

NEW YORK (AP) — Auto manufacturers have responded to a federal order to document advertising claims by filing big books of charts, graphs, diagrams and thick jargon.

"Number 4, 5 and 6 body mounts are of variable rate (flower pot design)," one section of a new publication informs the consumer, "to provide maximum noise vibration isolation over all road conditions."

This assertion was the Ford Motor Co.'s way of substantiating its claim that its LTD is "so strong and well built it's quiet."

Man Injured In Accident

Gerald D. Kiffer, 35, Route 1, Orient, sustained a laceration to the right side of his forehead and possible internal injuries when he lost control of his sports car 7 p.m. Friday on Ballah Road, 19 miles northwest of the city.

According to Sheriff's Deputy Don Thompson, Kiffer ran off the left side of the roadway, knocked down 95 feet of wire fence and eight steel fence posts owned by William Tudor, Route 1, Orient, and plowed 135 feet into a field.

He was referred to a doctor for treatment.

Replacement Of Laurel Run Bridge Delayed

Planned replacement of a narrow, deficient Route 56 bridge over Laurel Run has been deferred by the Ohio Department of Highways in accordance with Director Richley's second quarter fiscal year 1972 construction program announcement of Sept. 17.

Replacement project, just west of Laurelville, had been programmed for the Dec. 14 bid opening here.

Total programmed estimate for the improvement, including not only construction but also right of way and engineering costs, is \$260,000.

Plans call for new three-span reinforced concrete slab structure, 44 feet wide between guard rail, with reinforced concrete substructure.

Sales Or Income Tax Eyed U.S. Judges By State Assembly Panel

COLUMBUS, Ohio (AP) — While the House-Senate conference committee that is working on a new budget-tax bill leans publicly toward a personal income tax, there is renewed speculation it still might settle on a sales tax increase.

Triggering the speculation were reports that the Republican-dominated committee wants to cut \$100 million from the last tax measure that failed in the Senate.

The cut, combined with the striking of \$129 million allotted for a property tax rollback under the income tax plan, would put new spending in the \$700

million category, which could be financed by a sales tax hike.

The cuts are expected to come mainly in welfare and mental health and correction appropriations.

The administration has revised downward from 9,000 to 7,500 per month its projection of the number of new Aid to Dependent Children claimants expected during the biennium.

And the Department of Mental Hygiene and Correction said Friday it could live with a \$424 million budget. The last bill provided \$440 million. The department had \$338 million over the last biennium.

When the committee ad-

joined Friday for a three-day weekend, the chairman, Sen. Howard Cook, R-1 Toledo, said the bill would not be reported out for a floor vote until the end of next week.

Before recessing until Tuesday, the committee asked the Legislative Research Committee to prepare figures showing what a one-cent increase in the sales tax could provide in the way of new money for education.

Sen. Stanley Aronoff, R-8 Cincinnati, who suggested the research on the sales tax, said he wanted the information so the committee could get a good look "at all the possibilities."

Lancaster Girl Named Miss Teen America

FORT WORTH, Tex. (AP) — "I can't think very well. I can't think at all. It's unreal."

Colleen Fitzpatrick of Columbus, Ohio, made the comment Friday night after winning the Miss Teen-age America title.

As other candidates crowded round the blue-eyed, brown-haired high school junior, the first noncontestants to reach her were her mother and her predecessor, Rewa Walsh of Anaheim, Calif.

The daughter of Larry Fitzpatrick of Columbus, Ohio, and Mrs. Dorothy Fitzpatrick of Lancaster, Ohio, Colleen sang "Wouldn't It Be Lovely" in the talent competition.

She was selected from a field of 55 candidates from across the country.

In Lancaster, Colleen's mother said "I'm so very, very proud and the scholarship will help so much — it hasn't been easy raising two daughters." Colleen has a 15-year-old sister, Pam.

Mrs. Fitzpatrick said she was agreeable with any plans Colleen might have for a career in the entertainment business "if that's what she wants to do."

Preliminary plans were being made in Lancaster for a "welcome home" when Colleen returns to Lancaster Monday. Colleen, a junior, attends morning sessions at Lancaster High School. A special high school assembly will be held in her honor Tuesday morning, and a reception for the public in the high school Tuesday evening.

As Miss Teen-age America, the 5-foot-6½, 130-pound Ohioan receives a \$10,000 scholarship, 100 shares of stock from sponsoring companies and a \$5,000 minimum for a year of personal appearances on behalf of the pageant.

Colleen said she plans to attend Ohio University on the scholarship and will major in voice or dentistry.

Canton Hit By Violence Over Slaying

CANTON, Ohio (AP) — A peaceful demonstration by blacks here Friday to protest the slaying of a Negro man by a narcotics agent was followed by violence in which windows were smashed and three stores looted.

Police said they were unable to determine whether the demonstrators were involved in the violence or whether others who had not taken part in the protest were responsible.

Some 400 blacks participated in a march from the headquarters of the Society for the Cooperative Improvement of Afro-Americans to a downtown park about noon.

Gilbert Carter, head of the society, talked to the group about the killing of Thomas F. Jackson, 25, who was shot Monday while being arrested on a charge of selling marijuana.

Jackson was labeled a war hero in leaflets distributed at the rally.

"He was literally murdered, shot down like a dog," the leaflets said. "He was the victim of the so-called metro squad undercover agents out seeking a name for themselves."

Veteran Utah Sheepherder Thinks Of Moving To Town

PRICE, Utah (AP) — After 55 years of lonely hours and hard work in all kinds of weather, sheepherding is losing its appeal for Fred Rispaud.

"I might try this town this winter," he says. "This is the only work I've ever had, but I'm getting a little old..."

Rispaud, who herds sheep near the central Utah town of Price — population 6,200 — is one of a growing number of veteran sheepherders in the West who are retiring.

It's hard to find young men who are willing to put up with the isolation and demanding work for only \$300 a month, says Marcellus Palmer, executive secretary of the Utah Wool Growers Association.

Finding men to tend the flocks is the major problem facing wool growers and is one of the main reasons the industry is declining by about four per cent a year, Palmer says.

Many ranchers have begun keeping their flocks in controlled areas, supervising them from pickup trucks, Palmer says. Rispaud makes his round on horseback and by foot.

Thug Gets Beaten Up

CINCINNATI (AP) — Police arrested a robbery suspect early today after he was captured by a restaurant cashier he had allegedly robbed at Larosa's Restaurant in downtown Cincinnati.

Police said Ray Riggs, of Florence, Ky., suffered a broken nose, lost three teeth and suffered numerous cuts and bruises before they arrived. He was charged with robbery.

Officers said Riggs, wearing a ski mask and holding a beer bottle in his pocket pretending it was a revolver, ordered customers and employees to lie on the floor.

He ordered cashier Sam Gramaglia to clean out the cash drawer. Riggs wheeled to leave and Gramaglia saw he had no gun.

Gramaglia went over the counter, tackled the suspect at the door and fought him while police were called.

'Hit Red Sites

SAIGON (AP) — American fighter-bombers attacked three air defense radar sites inside North Vietnam, one of them 95 miles north of the demilitarized zone, the U.S. Command reported today.

In Cambodia, military sources said heavy enemy attacks forced Cambodian soldiers to abandon another town along Highway 6 and move into defensive positions.

The U.S. fighter-bombers were flying cover for other bombers that made massive raids Friday against war stockpiles on the Laos-North Vietnam border awaiting shipment southward along the Ho Chi Minh trail.

Egypt Challenges U.N. Inaction

UNITED NATIONS, N.Y. (AP) — Egypt opened the U.N. debate on the Middle East by challenging the General Assembly to get Israeli troops out of occupied Arab territory, but Israel called for rejection of the demands.

The Israeli U.N. mission said approval of the Egyptian position would maintain the present Mideast deadlock and "increase the danger of renewed hostilities."

Egyptian Foreign Minister Mahmoud Riad, who addressed the 131-nation assembly for an hour Friday, said that Israel had already defied a U.N. Security Council resolution calling for a troop pullback from lands taken in the 1967 war.

5 Youths Killed In Auto Crash

BOWLING GREEN, Ohio (AP) — Five teen-aged boys were killed Friday when their car slammed into a concrete bridge abutment along Ohio 795 in northern Wood County.

Dead at the scene were James Pierson, 17, Thomas Shanteau, 18, Donald Whiting, 17, James Foreman, 17, and Earle Douglas, 17, all of the Oak Harbor area.

Ohio Highway Patrol officers said the boys were returning home from classes at the Penta-County Vocational School at Perrysburg.

Thief Steals Police Cruiser

CINCINNATI (AP) — A car thief stole a Cincinnati Police cruiser this morning as the officer was having a cup of coffee inside a College Hill section restaurant.

Patrolman Gary Fritsch reported the theft after leaving the restaurant.

Police found no sign of the missing car.

Foot Of Snow Buries Southeast; Roads Blocked

By THE ASSOCIATED PRESS

The low pressure system that unleashed the first winter storm on the Southeast moved out into the Atlantic late Friday night and gradual clearing and continued cold was expected to follow today.

Snow, freezing rain and sleet pelted most of the northern reaches of the southeastern states Friday, and heavy rains fell on southern portions.

Accumulations of snow and sleet remained in northeastern Georgia, with as much as five inches of snow reported in many areas. Ice caused extensive damage to power lines in north Georgia towns and prompted Georgia Power Co. to rush 100 additional linemen into Augusta to help restore power.

Near blizzard conditions dumped the heaviest snow on record for this early in the year on upper portions of South Carolina and sleet caused widespread disruptions of power. Almost a foot of snow was reported.

Gusting winds created hazardous driving conditions.

The North Carolina mountains were blanketed with as much as 17 inches of snow and at least five traffic fatalities were blamed on icy roads.

Several fatal accidents were blamed on icy roads in Tennessee and northeastern Alabama. Virtually all major highways in the northern portions of East Tennessee were blocked.

Man Injured In Accident

Gerald D. Kiffer, 35, Route 1, Orient, sustained a laceration to the right side of his forehead and possible internal injuries when he lost control of his sports car 7 p.m. Friday on Ballah Road, 19 miles northwest of the city.

According to Sheriff's Deputy Don Thompson, Kiffer ran off the left side of the roadway, knocked down 95 feet of wire fence and eight steel fence posts owned by William Tudor, Route 1, Orient, and plowed 136 feet into a field.

He was referred to a doctor for treatment.

Replacement Of Laurel Run Bridge Delayed

Planned replacement of a narrow, deficient Route 56 bridge over Laurel Run has been deferred by the Ohio Department of Highways in accordance with Director Richley's second quarter fiscal year 1972 construction program announcement of Sept. 17.

Replacement project, just west of Laurelville, had been programmed for the Dec. 14 bid opening here.

Total programmed estimate for the improvement, including not only construction but also right of way and engineering costs, is \$280,000.

Plans call for new three-span reinforced concrete slab structure, 44 feet wide between guard rail, with reinforced concrete substructure.

Sales Or Income Tax Eyed By State Assembly Panel

COLUMBUS, Ohio (AP) — While the House-Senate conference committee that is working on a new budget-tax bill leans publicly toward a personal income tax, there is renewed speculation it still might settle on a sales tax increase.

Triggering the speculation were reports that the Republican-dominated committee wants to cut \$100 million from the last tax measure that failed in the Senate.

The cut, combined with the striking of \$129 million allotted for a property tax rollback under the income tax plan, would put new spending in the \$700

million category, which could be financed by a sales tax hike. The cuts are expected to come mainly in welfare and mental health and correction appropriations.

The administration has revised downward from 9,000 to 7,500 per month its projection of the number of new Aid to Dependent Children claimants expected during the biennium.

And the Department of Mental Hygiene and Correction said Friday it could live with a \$424 million budget. The last bill provided \$440 million. The department had \$338 million over the last biennium.

When the committee ad-

joined Friday for a three-day weekend, the chairman, Sen. Howard Cook, R-1 Toledo, said the bill would not be reported out for a floor vote until the end of next week.

Before recessing until Tuesday, the committee asked the Legislative Research Committee to prepare figures showing what a one-cent increase in the sales tax could provide in the way of new money for education.

Sen. Stanley Aronoff, R-8 Cincinnati, who suggested the research on the sales tax, said he wanted the information so the committee could get a good look "at all the possibilities."

Lancaster Girl Named Miss Teen America

FORT WORTH, Tex. (AP) — "I can't think very well. I can't think at all. It's unreal."

Colleen Fitzpatrick of Columbus, Ohio, made the comment Friday night after winning the Miss Teen-age America title.

As other candidates crowded round the blue-eyed, brown-haired high school junior, the first noncontestants to reach her were her mother and her predecessor, Rewa Walsh of Anaheim, Calif.

The daughter of Larry Fitzpatrick of Columbus, Ohio, and Mrs. Dorothy Fitzpatrick of Lancaster, Ohio, Colleen sang "Wouldn't It Be Lovely" in the talent competition.

She was selected from a field of 55 candidates from across the country.

In Lancaster, Colleen's mother said "I'm so very, very proud and the scholarship will help so much — it hasn't been easy raising two daughters." Colleen has a 13-year-old sister, Pam.

Mrs. Fitzpatrick said she was agreeable with any plans Colleen might have for a career in the entertainment business "if that's what she wants to do."

Preliminary plans were being made in Lancaster for a "welcome home" when Colleen returns to Lancaster Monday. Colleen, a junior, attends morning sessions at Lancaster High School. A special high school assembly will be held in her honor Tuesday morning, and a reception for the public in the high school Tuesday evening.

As Miss Teen-age America, the 5-foot-6½, 130-pound Ohioan receives a \$10,000 scholarship, 100 shares of stock from sponsoring companies and a \$5,000 minimum for a year of personal appearances on behalf of the pageant.

Colleen said she plans to attend Ohio University on the scholarship and will major in voice or dentistry.

Canton Hit By Violence Over Slaying

CANTON, Ohio (AP) — A peaceful demonstration by blacks here Friday to protest the slaying of a Negro man by a narcotics agent was followed by violence in which windows were smashed and three stores looted.

Police said they were unable to determine whether the demonstrators were involved in the violence or whether others who had not taken part in the protest were responsible.

Some 400 blacks participated in a march from the headquarters of the Society for the Cooperative Improvement of Afro-Americans to a downtown park about noon.

Gilbert Carter, head of the society, talked to the group about the killing of Thomas F. Jackson, 25, who was shot Monday while being arrested on a charge of selling marijuana.

Jackson was labeled a war hero in leaflets distributed at the rally.

"He was literally murdered, shot down like a dog," the leaflets said. "He was the victim of the so-called metro squad undercover agents out seeking a name for themselves."

Veteran Utah Sheepherder Thinks Of Moving To Town

PRICE, Utah (AP) — After 55 years of lonely hours and hard work in all kinds of weather, sheepherding is losing its appeal for Fred Rispaud.

"I might try town this winter," he says. "This is the only work I've ever had, but I'm getting a little old..."

Rispaud, who herds sheep near the central Utah town of Price — population 6,300 — is one of a growing number of veteran sheepherders in the West who are retiring.

It's hard to find young men who are willing to put up with the isolation and demanding work for only \$300 a month, says Marcellus Palmer, executive secretary of the Utah Wool Growers Association.

Finding men to tend the flocks is the major problem facing wool growers and is one of the main reasons the industry is declining by about four percent a year, Palmer says.

Many ranchers have begun keeping their flocks in controlled areas, supervising them from pickup trucks, Palmer says. Rispaud makes his round on horseback and by foot.

Thug Gets Beaten Up

CINCINNATI (AP) — Police arrested a robbery suspect early today after he was captured by a restaurant cashier he had allegedly robbed at Larosa's Restaurant in downtown Cincinnati.

Police said Ray Riggs, of Florence, Ky., suffered a broken nose, lost three teeth and suffered numerous cuts and bruises before they arrived. He was charged with robbery.

Officers said Riggs, wearing a ski mask and holding a beer bottle in his pocket pretending it was a revolver, ordered customers and employees to lie on the floor.

He ordered cashier Sam Gramaglia to clean out the cash drawer. After receiving the money, Riggs wheeled to leave and Gramaglia saw he had no gun.

Gramaglia went over the counter, tackled the suspect at the door and fought him while police were called.

American Jets Hit Red Sites

SAIGON (AP) — American fighter-bombers attacked three air defense radar sites inside North Vietnam, one of them 95 miles north of the demilitarized zone, the U.S. Command reported today.

In Cambodia, military sources said heavy enemy attacks forced Cambodian soldiers to abandon another town along Highway 6 and move into defensive positions.

The U.S. fighter-bombers were flying cover for other bombers that made massive raids Friday against war stockpiles on the Laos-North Vietnamese border awaiting shipment southward along the Ho Chi Minh trail.

Egypt Challenges U.N. Inaction

UNITED NATIONS, N.Y. (AP) — Egypt opened the U.N. debate on the Middle East by challenging the General Assembly to get Israeli troops out of occupied Arab territory, but Israel called for rejection of the demands.

The Israeli U.N. mission said approval of the Egyptian position would maintain the present Mideast deadlock and "increase the danger of renewed hostilities."

Egyptian Foreign Minister Mahmoud Riad, who addressed the 131-nation assembly for an hour Friday, said that Israel had already defied a U.N. Security Council resolution calling for a troop pullback from lands taken in the 1967 war.

5 Youths Killed In Auto Crash

BOWLING GREEN, Ohio (AP) — Five teen-aged boys were killed Friday when their car slammed into a concrete bridge abutment along Ohio 795 in northern Wood County.

Dead at the scene were James Pierson, 17, Thomas Shanteau, 18, Donald Whiting, 17, James Foreman, 17, and Earle Douglas, 17, all of the Oak Harbor area.

Ohio Highway Patrol officers said the boys were returning home from classes at the Penta-County Vocational School at Perysburg.

Thief Steals Police Cruiser

CINCINNATI (AP) — A car thief stole a Cincinnati Police cruiser this morning as the officer was having a cup of coffee inside a College Hill section restaurant.

Patrolman Gary Fritsch reported the theft after leaving the restaurant.

Police found no sign of the missing car.

(Continued From Page 1) from proceeding with next year's General Assembly elections in which all 99 House seats and 17 Senate seats are at stake.

The order was issued to hold the reapportionment plan in abeyance pending the federal court hearing.

The 10-year plan was rammed through Sept. 30 by the State Apportionment Board, chaired by Gov. John J. Gilligan and controlled 3-2 by Democrats. It was discovered later that the board had made several mistakes in redrawing the districts.

Democrats on the board attempted to correct the plan in required legal publications, but the Republicans balked, saying that the amended version was not the plan approved by the full board.

The Republican board members filed their own challenge to the reapportionment plan in the Ohio Supreme Court.

Foot Of Snow Buries Southeast; Roads Blocked

By THE ASSOCIATED PRESS

The low pressure system that unleashed the first winter storm on the Southeast moved out into the Atlantic late Friday night and gradual clearing and continued cold was expected to follow today.

Snow, freezing rain and sleet pelted most of the northern reaches of the southeastern states Friday, and heavy rains fell on southern portions.

Accumulations of snow and sleet remained in northeastern Georgia, with as much as five inches of snow reported in many areas. Ice caused extensive damage to power lines in north Georgia towns and prompted Georgia Power Co. to rush 100 additional linemen into Augusta to help restore power.

Near blizzard conditions dumped the heaviest snow on record for this early in the year on upper portions of South Carolina and sleet caused widespread disruptions of power. Almost a foot of snow was reported. Gusting winds created hazardous driving conditions.

The North Carolina mountains were blanketed with as much as 17 inches of snow and at least five traffic fatalities were blamed on icy roads.

Senate Vote

nations had been reluctant to confirm Powell, who has no known opposition in the Senate, without assurances that attempts would not be made to stall a vote on Rehnquist.

Masfield said that from soundings he had taken he did not expect a filibuster against either nomination.

He also said that he and Scott intend "to stay with these nominations until they are decided one way or another."

Scott said he hoped it would be possible to bring Rehnquist's nomination to a vote before the end of next week.

Powell, 64, a wealthy and prominent lawyer attorney who has served as president of the American Bar Association, has been nominated to succeed the late Justice Hugo L. Black who served on the court for 34 years.

Rehnquist, 47, a former Phoenix, Ariz., lawyer, would replace retired Justice John M. Harlan on the court. Opposition to his nomination has centered on his civil rights and civil liberties record.
